1. What is your connection or interest in this case? *For example, are you a customer of the Company that is the subject of this pending proceeding? (This section <u>must</u> be completed, Attach additional information if necessary,)

I am a customer of Utilities, Inc.

2. Please give a concise statement of your protest, * (This section <u>Wast</u> be completed, Attach additional information if necessary,)

Utilities, Inc. is grossly negligent in charging me in excess of actual usage.

I received a Bill dated 05/31/2011 for account

\$99.79 which I paid on 6/15/11.

with a due date of 6/27/2011 for meter

in the amount of

The previous meter reading on 4/30/11 was 1151440 gallons, The bill stated a current reading on 5/29/11 64 6,920 gallons used,

I read my meter today, 7/9/11 and the actual reading is 1153570, I have been away from my residence since 5/8/11 only returning today.

This wildly high report of usage caused me to employ help to shut down my automatic outside plant watering system in May feeling there was a leak using 230 gallons a day, This has resulted in loss of plantings, I have actually only used 2130 gallons since 4/30/11 or 30 gallons per day, In my 30 years of dealings with Utilities, Inc.! Carolina Water Service my usage has never approached 1/3 of what was billed,

Their negligence has caused me duress and significant damage to my landscaping,

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

(This section should be completed,)

No, I will be away,

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a customer of Carolina Utilities.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I find the request for an 80% increase absolutely out of line, As a local employer and with the economy what is it, it is unconscionable to request an increase of this magnitude or any magnitude at this time. It will force people to go to wells, not maintain their properties due to cost of watering, using less water and/or buying bottled water. Anything but give a dime to a company that has no regard to their customers.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? * (This section should be completed.)

 What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section <u>must</u> be completed. Attach additional information if necessary.)

We have been customers of Carolina Water Service for five years

2. Please give a concise statement of your product. * (This section must be completed. Attach additional information if necessary.)

We are concerned with the high rate of water service and these are the highest water rates of any area we have lived in - we have lived in over 8 cities throughout South and North Carolina and Alabama. We are concerned that there may be inefficiencies in the operation of the Water system that is driVing the higher cost of this service, The 11,5% rate of return on the equity is way beyond any rate of return in this economy!!

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

We will not be able to testify at the hearing as we will be out of town on the days scheduled,

SUbject: complaint against CWS rate increase

n: Jocelyn Boyd, Clerk, South Carolina Public Service Commission

I am writing to contest the increase proposed by CWS, We are the Fowlers and have lived at 112 Forty Love Point for 7 years. During that time we have invested approximately \$9000.00 in water filters/soffteners (see pictures) to try to improve our water. While the brown gunk is filtered out – this is what comes into the house lines (see pictures), we constantly battle musty smell with clean laundry and fishy smell with clean dishes. We have purchased all new top of the line appliances to no avail – we end up running dishes/laundry twice which increases water/energy usage. We have also purchased all new toilets and faucets due to corrosion from water damage. We do not drink the water out of the tap. I can't imagine what our water would be like if we didn't have the filtration system.

Please take the time to open the pictures. CWS uses a lot of complicated terms and repeatedly shows confusing test results that conclude the water is fine. Brown baths and showers, stinky laundry and dishes, and corroded faucets and toilets say otherwise.

Thank you for your time,

Mignon Fowler 112 Forty Love Point Chapin, SC 29036 Cososa Mar

Enclosure

Public Service Commission of South Carolina Clerk's Office P.O. Brawer 11649 Columbia, SC 29211

2011-47-WS

As a customer of Carolina Water Service in Lexington county, I would like to express my objection to their current request for an 80% increase in water and sewer rates. My wife and I have lived in the Rollingwood subdivision just outside the Lexington town limits since January 1980, and have been CWS customers all of that time. As I'm sure you're aware, several years ago CWS shut down the wells they had in Rollingwood and tapped into the Lexington County water main that runs down Old Cherokee Road. Since then, they are simply delivering the county water to customers and marking up the price over and above what the county would be charging us. Other than that, I am hard pressed to remember any significant improvements they have made during the 30+ years we have lived here. We have had boil-water advisories on several occasions, however. In fact, we feel we have been paying premium prices for water and sewer the entire time we have lived in our home. The idea that they could justify an 80% rate increase is ridiculous. This is especially outrageous at this particular time, when I'm sure many CWS customers are out of work.

Please consider these points when deciding on the current CWS rate increase request.

Subject: Carolina Water Service "Utilities, Inc"

Deal' Jocelyn Boyd,

I live at 200 Match Point Dr, at the Forty Love neighborhood and very unfortunately my water is supplied by Utilities Inc. I lived most my life in Brazil a third world country however I hate to say this but the city water of Campinas was of excellent quality with no comparison to the HORRIBLE SMELLY water at Forty Love in Chapin, SC USA.

The water here: smells badi-sometimes stinks

tastes bad

looks badd- often is brown

leaves stains on anything we wash started corroding our Hot tub

And now the company is proposing an increase increase on what is already to high. Paying more money for this kind of water is just absurd!

Please let me know you received this protest.

Thank you,

Jonathan Lipsi

We have been customers of Carolina Water Service for years.

2. Please give a concise statement of your protest. * (This section Hibbi be completed. Attach additional information if necessary.)

When we first moved to the Lake Wylie area (close to ten years ago), we were appalled by our water bill amounts -- we've lived in numerous cities in three states and have never seen water rates this high. The current costs are already some of the highest in the Carolinas -- same with the cost for installing a water meter for irrigation. How can this company even remotely provide a case for needing to raise prices? Enough is enough!

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

Sulbiect: CWS Imcrease

Marie Dans

Attn: Jocelyn Boyd, Clerk, South Carolina Public Service Commission

I would like to complain about the CWS intent to Increase the water charges. I live in Forty Love Point, at 11fl Match Point Drive, Chapin, SC 29036. Our house was built in in 2008, I have complained to Utilities Inc but the problem keeps occurring. Bob Gilroy of CWS has been prompt in responding to complaints, however, the solution is only temporary and lasts only a few months. The issue starts with odorous water and progresses to dark stained and particle ridden water, The solutions are to flush the mains at each house, change filters and add chemicals. According to DHEC, although the water was brown and had visible sediment in it, and contained a foul odor, the water was still drinkable.. Another huge issue is water pressure. Our irrigation system uses drinking water, Sometimes the pressure is so low that the sprinkler heads will not activate. I water between 4 AM and 6:30AM. When we decided to build here, we planned to add a well for irrigation but were advised that we were not permitted to do this, it seems to me that if a utility cannot proved adequate service to a homeowner, they should not be permitted to raise prices without improving service. They also should not be permitted to control water rights on private property,

I believe that your agency should step forward with every utility that asks for increases and demand that they not only provide information that justifies an increase but Why issues and Improved services are not part of the package, In many instances a property owner can rectify problems by investing more money into their utilities, But that defeats the Whole purpose of having a public utility. Why should a homeowner/business have to Invest in additional filters, pumps, tanks, etc to alleviate issues that originate with the utility company. If every utility performed like CWS, homeowners would have to have whole house generators, additional gas tanks, etc. A service oriented company should exceed a customers expectations, not fail to meet them.

I am opposed to any increase that doesn't improve or at least maintain an acceptable level service..

Sincerely,

Martin and Karen Unger

Subject: Protest/Complaint

Reference Docket No. 2011-47-WS

My wife and I reside at 229 Forty Love Point and are customers of Carolina Water Service (CWS), Inc., and wish to lodge a formal protest/complaint against CWS application for a rate increase.

This email complaint is written at a time when once again we the residents of the Forty Love Point Community are under a "boil water advisory" posted via CWS by telephonic recorded notification and a placard at the entrance to our community. This boil water advisory is a curring issue, which takes place about quarterly. I know of no one in the Columbia City Water system or the Augusta, GA Utility system that has to endure recurring boil water notices, which include recommendations to reduce water consumption during the boil water period (proposed in this instance to be 14 and 15 June), which is routinely of 2 or 3 days duration. The recommendation to reduce consumption also includes the comment that use may contaminate residential water pipes. There is no rate reduction or credit applied during these periods despite the potential adverse condition of the water quality and pressure.

These boil water instances (#1) are but one of the recurring problems facing CWS subscribers. We routinely have poor water quality (#2), that includes heavy chlorine smell; cloudy or discolored water, and recurring problems with excessive minerals in the water that damage appliances such as coffee pots, dishwashers and water heaters, and make washing laundry difficult due to discoloration. We also have instances of low water pressure (#3).

Throughout the recurring problems that we the residents have experienced, CWS has made some effort to remedy concerns, but none have had any lasting impact and we receive no rate adjustment/credit, nor do any of the "fixes" last more than a brief period.

I feel that we the residents of the Forty Love and Indian Fork comunities have been repeatedly subjected to inferior water quality conditions and have been unable to resolve this recurring situation. Frankly, instead of a rate increase I would recommend that the public service commission require CWS to pay to connect our service communities to Columbia City Water, which surrounds our communities within a fraction of a mile. Furthermore, CWS is unable to provide sufficient water pressure/volume to enable the installation of fire hydrants that leaves our community at risk in the event of a fire, such as the one that occurred a few years ago on Heller Rd, wherein the responding fir3e company could not access lake water fast enough to extinguish the fire.

Bottom line - we already pay a lot for very little. If CWS needs a rate increase to continue in this business line in our service area then they should get out of the business since they have are an abysmal failure at providing consistent quality water service.

Sincerely,

Thomas J. & Ursula B. Callan 229 Forty Love Point

Subject: Compaint about CWS rate increase

PSC SC MAIL / DMS

Clerk SC Public Service Commission

Jocelyn Boyd

My husband Dan Peltier and I would like to compiain about the CWS intent to increase the water charges. We live in Forty Love Point, at 304 Racket Rd, Chapin, SC 29036. Our house was built in 1988 and we have had problems since we moved in in 2005. We have experienced staining of all our toilets, faucets, countertops, sinks and appliances. At random times we have experienced low water pressure. I have never lived in a neighborhood where so many flushing's of the water system is required to keep the water quality drinkable. It seems that the water system in our neighborhood has some significant problems and probably should be replaced. Repeated flushing only offers a temporary solution. It seems the water company has been tone deaf to the repeated complaints about the quality of water their company offers. I was amazed to see CWS asking for a substantial rate increase. I think that is price gouging. We can't even drink the water that we pay for, and now they want to charge us even more for it. We would like to be a part of the city's water supply that is in the neighborhood next to us, but unfortunately we don't have that option and cannot choose our water source; CWS takes advantage of that fact and knows that no matter what quality we have, we are stuck with it. If there were water utility choices and they had to be competitive, no one would purchase CWS water.

Sincerely,

Dawn and Dan Peltier

RE: Docket Number 2011-47-WS

To Whom It May Concern:

Once again the Yankee Firm of Utilities Inc. which is the parent company of Carolina Water Service has hired some self-serving carpetbagger lawyer to try to convince you to try to raise our rates by 80%. Even in their letter to us they discuss in these hard times, Yes, times are hard. Unemployment in South Carolina is still at about 10%. The housing market is still in the sewer. People are doing without a lot of things to make ends meet and now these Yankees want to burden us with a rate increase. Has nothing changed since Reconstruction?

Well let's talk about water. Over 90% of our planet is water. If you drill down far enough you'll hit water and you can put in a well. Thus we can conclude water is necessary and can be easily found.

With this in mind, I'd like to address the idea of Fair Market Value. For example, if a man wanted to purchase a long sleeve, button down, Ralph Lauren dress shirt, then it doesn't matter where you buy the shirt because the Fair Market Value is \$68.00.

I propose we do the same with water and sewage. We should average what West Columbia, Columbia, the city of Lexington charges then we might have an idea of the Fair Market Value.

I find it very interesting that I live in 1375 sq ft house with two full baths, a washer (used once a week), a dish washer, kitchen sink and my bill is \$85.00 for water and sewage. Yet my Dad who lives in Florence in a 3200 sq ft house with two full baths, 4 half baths, 2 of the half baths are joined to a shower, sink in kitchen, dishwasher, sink in utility room, washer (which is used 5 days a week) and his combined bill is \$35.00. I see a \$50.00 problem for over 2 times the size of my house!

Now these Bozos are going to yell these are municipalities we can't compete with them. In 1996, when I was an intervener I asked for reasons why CWS could not compete with a municipality. I never got an answer. So I'm asking again and like the lawyer in the movie Philadelphia would say explain it to me like I was a 6th grader.

Currently CWS purchases their water from West Columbia and the residents of Oak Grove get a sir-charge slapped on plus a distribution charge. When they feel they have not collected their just due The Company sends out the "we must catch up letters" without going through the PSC first.

As far as their coming into compliance with the EPA, I see this as the cost of doing business. Ted who owns Flight Deck Restaurant has to make sure his restaurant passes a surprise health inspection, repair toilets, fix any problems that come up, and recently a Federal law has been handed down that requires waiters/waitress make at least the minimum wage with tips, and if not he has to increase the amount paid per hour. Well Ted has been doing this for years because it is the cost of doing business and never does it show on his prices. His prices go up when food items go up,

So when CWS says they made improvements to their wells, lines, are in EPA guide lines these are things they had to do anyway. It's the cost of doing business and this plea for reimbursement should be scrapped,

CWS also has no office in West Columbia anymore. When they did I left numerous messages for the GM. I guess she thinks she's too good to speak to those who help pay her salary. Her assistant talked to me one time. The bill I showed her, she said was a \$60.00 overcharge by CWS, but I still had to pay it — "would you like to set up payments?" Thus the whole consumer service department sucks.

The Flat Sewage Fee soaks the wallets of every home owner. Most people pay a Fair Market Value combined water and sewage and is lower than my bill. I have been to municipalities to see how they treat the sewage. Some plants retreat it so it can be used as a liquid fertilizer and I've seen this done and the results are outstanding. Which brings to question does CWS have a sewage refinery plant? If not, why not? If they did they could look into doing a co-op with some farmer and maybe make money that way.

I know SCE&G is asking for a rate increase and I hope it is turned down. I bring this up because CWS slick carpetbagger lawyer will ask "why all the fuss SCE&G is asking for a rage increase?"

The fuss is SCE&G may get a rate increase now <u>but</u> there have been times like 6 months later they'll ask for a rate decrease; can CWS say they've done the same? SCE&G helps sponsor events in the community, they will come to your homes to show you how to save on your bill can CWS say they do the same?

SCE&G has a local number, local office, with local people you can talk to about problems; CWS does not.

Now let's summarize. CWS doesn't charge a Fair Market Value for it's Water and Sewage. They will not explain why they can't compete with municipalities, they have no local office. They don't give back to the community; they have never asked for a rate reduction. In short CWS is little more than an over priced water whore, It is time for them to go!

In conclusion it is time for a rate reduction not increase. We deserve a Fair Market Value for something God himself provided-Water. We deserve a Fair Market Value on a combined price of Water and Sewage and no Flat Rate on sewage. We are the ones who deserve Rate Relief.

Sincerely,

Michael C Watford

Hello,

I would like to make a formal complaint against Carolina Watter in opposition to their proposed rate increase of 80%. As a resident of Forty Love Point and a customer of Carollina Watter, I do know for a fact that when we go to sell our home in the future, I will have to replace at least one of my toilets and the jets in the jacuzzi tub, and all drain accessories due to the permanent brown stains and discoloration. While they are asking for a rate increase, I would like to be reimbursed for having to purchase many extra bleaching supplies to remedy the brown watter problems that have occurred since we moved into the neighborhood in 2005.

An 80% rate increase? For below average service? An 80% rate increase is too much to ask for a company that provides good service.

Our neighborhood has suffered enough from Carolina Water, unfortunately there are no choices about who our water company is, but I assure you, they do not deserve to be paid more.

We deserve more as customers! Please consider not allowing them to raise our rates! We have paid enough for the problems we deal with everyday due to our poor water quality.

Thank you,

Merri and Trey Cantey 302 Forty Love Point Chapin, SC 29036

ubject: Docket No. 2011-47-WS - Carolina Water rate increase

To whom it may concern:

We would like to voice our strong disagreement to any increase by Carolina Water Service (Utilities Inc). We built our home in the Forty Love Neighborhood 1.5 years ago, and while our issues of discolored water may not be as bad as some of our neighbors, we have had to go through the numerous water main flushings. Our water continually has the similar chlorine odor and is poor tasting. We have to resort to bottled water and in fact are having to look into a water purification system for our home because of this, which would cost us several thousand dollars. This is extremely unfair when we already pay a considerable amount for our water especially when it doesn't seem possible that this is suitable for drinking and cooking. While other utility companies are looking for a range between 2.5% to 7.5% for rate increases, Carolina Water Service wants 80%? It is incomprehensible how any company can ask or demand this type of increase of their customers when they do not provide adequate water to us. There are only two of us that reside in our home, we use energy efficient appliances and even have irrigation sprinklers that use less water; and we feel that our billing is already too high. We have also experienced on numerous occasions very low water pressure at different times through the day.

Any increase by Carolina Water Service (Utilities Inc) should not be passed; and yet at the same time the quality of water and service should be immediately improved.

Sincerely, Scott and Patti Smith 213 Racket Rd Chapin, SC 29036

Subject: Water Issues - Forty Love, Chapin, SC

I have lived in Forty Love for several years. The quality of the water we have received from Carolina Water Services is beyond bad. I have to wash our clothes numerous times with many different odor eliminators in order to keep them from smelling like mildew. I am afraid to allow my family to drink the water even though we are told it is safe. I will be glad to provide you with a picture of bath water drawn in our garden tub the very day that a sign was posted that it was safe to drink. I was afraid to even stick my toe in it, much less my body.

Tubs, showers, toliets all have to be scrubbed with harsh chemicals to keep them from being permanently stained. Mildew grows quickly and swiftly in these places.

After they have shut the water down to "purify" the air in the line when you begin to use it after this surely has to be wrecking havoc on the pipes and faucets in the home.

I STRONGLY OPPOSE A RATE INCREASE FOR CAROLINA WATER.

Subject: Poor Water Quality- Forty Love Point

I live at 320 Forty Love Point in Chapin and I understand that there has been a protest filed on behalf of our neighborhood imder Docket 2011-47-WS regarding the rate increase and poor quality of water. I would like to let you know that we have also had poor water quality, poor water pressille and we are absolutely enraged that Utilities, Inc is seeking to increase rates further when we already pay far too much for awful water quality. We have had brown water, Clorox smell in our water and as I mentioned, poor water pressure at times. I seriously even doubt that the water we get out here is safe for drinking despite what DHEC says. I would like this complaint filed with the above mentioned docket number.

'bjject: Water Quality and Rate Imcreases

Dear Members, I have been notified that our water company is asking for a rate increase.

I do not know how this is possible. The quality of our water in our Subdivision Forty Love Point, is extremely poor. The water always has a terrible smell and
ruined my hot water heater, water facets, discolored our tubs, and we have drinking water
delivered to our home every 2 weeks for fear of drinking Carolina Water Co.
quality water. A rate increase is another slap in the face for very low quality. I would be
surprised if it meets minimum standards for acceptable quality. Don Gilbert

-, ubject: Rate increase request for Forty Love Point by Utilities, Imc.

Attention: Jocelyn Boyd, Clerk, SC Public Service Commission

Good afternoon Ms Boyd,

I am writing in opposition to the proposed rate increase requested for Forty Love Point Subdivision by Carolina Water Service; IE Utilities, Inc.

I have been a homeowner in the Folty Love Point subdivision since December 1987. During this time I have served in various capacities on the Board of Directors of the HOA and have been active in decisions that have affected the infrastructure of the subdivision and as a result of this involvement, I am keenly aware of all the water associated quality issues we have experienced.

We have on many occasions been subjected to a cloudy, dirty, and sometimes very muddy flow off water into our homes. We have had to endure water with a very musky smell for extended periods, followed by periods of a very strong chlorine taste. Not that the hardness of the water affects the taste, but for extended periods, we have had to endure water that was so hard, it closed off the screens in our shower heads. I have had to replace my hot water heater three times, in addition to having to replace the hot water heating elements at least every two years. This is most likely a result of not testing for water that hardness Utilities, Inc claims is monitor religiously. We have had to endure many "Boil Water" advisories; a situation that in my opinion is indicative of 'hock of quality control within the system by their maintenance persontitiel.

I am very concerned that Utilities, Inc has requested a rate increase in this subdivision, particularly since, in my opinion, they have not shown the effort over many years to properly maintain the system and monitor the

IK

PSCSC MANULOMS

1.4

V 1911

quality of water they are making us consume; water that they claim is within acceptable water standards. I am 67 years old and have lived in many regions of the East Coast and have not until living in Forty Love Point experienced the poor water quality conditions we are having to endure.

, strongly object to the Public Service Commission awarding a rate increase to Utilities, Inc until such time that they can convince the residents of this subdivision that their efforts to improve the quality of our water equals their efforts to push this increase through the Commission.

Respectfully,

W Rex Hodges, Ir 40 Tennis Coult Chapin, SC 29036

Subject: Protestant, 2011-477-WS

Hello Ms. Boyd,

I am writing to you in reference to "Protestant, 2011-47-WS" regarding a possible rate increase for the watter service provided to my neighborhood by Camollina Watter To be homest with you, I cannot believe they are Service. asking for an increase. The watter they provide to my family is terrible! There are many times when the watter coming into our sinks and bathtubs is an iced tea brown When that is not the case, it typically smedls like bleach, which I do not feel is healthy for my family. My toilets, tubs, sinks, dishwasher and washing meachine have brown stains from the watter, and it is not because they are not cleaned regularly. I often get simus infections and frequently have to irrigate them using

water and a salt/baking soda mixture. Because of our poor water quality, I have to boil the water and let it cool before I am able to use it for irrigation. I have lived in 5 other houses and have never had to do this before. I appreciate the time you have taken to read my letter and hope that you will not support a rate increase for my water service since it is so poor. Sincerely, Cindy Norris 316 Forty Love Point Dr. Chapin, SC 29036 803-315-4981

'iject: Water Quality - Chapin, SC

To Whom It May Concern:

We have been living In the Forty Love neighborhood for eight years. I first noticed the brown water on ThanksgiVing day in November, 2003. I remember calling Carolina Water and telling them what was happening and the man I spoke with told me someone would be out the next day. I never heard any more and no one ever came to my home. The problem stopped and I just took it as one of those unexplainable situations. Since that time I have experienced problems on and off. It seems to be getting progressively worse. Please read *some* of my concerns below:

- Every area in my home connected to plumbing (sinks, bathtub, showerheards, commodes, water dispenser on refrigerator, etc.) has a buildup. Trying to clean it has cause the "finish" to be ruined. We are in the process of replacing the plumbing fixtures in the bathrooms. I have lived in several different states and I have never seen this before. My fixtures in one of my previous homes were the original fixtures and they were never replaced nor did they need replacing and my home was older than my current home.
- The water has a strong chemical odor at times. I had family visiting from out-of-state and they were concerned that we were drinking water from the tap. I now have bottled water delivered to my home we do NOT drink from the tap. I am not sure what the long term affects would be on my families' health. My daughter had kidney stones and the doctor expressed concern that she had this condition at such a young age. We are not sure if this is tiled into the water situation, but I did not want to take any chances.

I understand that Carolina Water would like to increase their rates, but would someone please explain how this can be n our concerns over the years have not been addressed.

Thank you for your time. Awaiting your reply, I remain

Sincerely, Patricia Rooney

SHXMEGNOVOLt".;

I am writing this in regards to a recent letter to the editor (published Jan. 8 in the Lake Wylie Pilot) from Andy Bolin of

Eagle Scout Troop 333,

He was writing about a recent project the Eagle Scouts had with collecting foodlfor Clovef Alica Assistance Center: He was quite upset about the kadk Of doilaticins l'eceived from the collinu" nities he had sent flyers to. He took the ne Side his to task for not conhibuting to this cause and hoped a "better reflec-Hon bilgur coming in the coming years,"He praised; River Hills residents fori really stepping up,"

Tam a resident of one of the communities and I want to say, "Shame on you, Mr. Bolin."

What are you teaching you! Scouts? Manylor hay neighbors are good people. My husband recently had a serious health issue, and they rallied around us. They gave of themselves in many ways. Lappreciate everything they did.

You see only that they did not give to wout citise; so would're labelfug them as uncaring and selfish people. I know tor a fact many Mf them give to many charities; schools and church chives.

ji**listead** of criticizing people because, they live in "large houses," you should zewyknow them Wegiveto many chall. ides throughout the year. I also buy from "Acres Off Parah Whi Road in York opposed the students when they come around; appropriet 67 percent increase. We recto help their schools with candy and piff Wrap drives, I have purchased many grocery bags throughout the holidays to help the needy. Yet you do not feel I care enough, because I did not give to yow'drive,

I believe you are the one who does notknow the meaning of carbigg in these hard economic times, I would be glad for anything I received not arrow at enough to Chicize my neighbor, begainse I did no Heel they gave ditoilgh,

You should be teaching your Scouts not to judge people by what you see, but to get to know them flit #find oilt why they do what they do. I also want to say, I would not put food in a bag and leave it by my mailbox. You need to rectivipk your project for hext year. I am sure you will see a larger donation in these communities that are not sward in Tho 1915. .)(taunala L. Lillie

Lake Wylie

Imoved to take Wylie in Shuaky 2007 trom New Orleans, I really enjoy living here, except for water service. Likemany I am retired and this bill is absurd.

What is the deal? Who do we complain to? What can be done?

> Baibaya Schoen Lake Wylie

EDITOR'S NOTE: Battles over water rates in the Lake Wylie area have been wage tinamy! trites; most recently in September when residents of OliVihpic cilibrelid visifiiteWww.lakewyliepiletteemfol background stelless alld visitthe S.C. Public Service Commission's Web sitensesses, gov to file complaints and ffud out more illformation.

Subject: Forty Love Point Water

3ase include me in vehement protest of Carolina Water's rate increase. Our tollets and the inside of our dishwasher are permanently stained brown. The water faucets and handles in our kitchen and bathrooms are permanently corroded. I shudder to think about what would happen if a house in the neighborhood caught on fire. I watched from across the cove several years ago as a house on Hiller Road burned to the ground, even though authorities had been called immediately to the scene. Carolina Water is the single biggest detriment to property values in this subdivision, and we never would have bought here had we known about the problem.

Subject: Carolina Water Service Proposed Service Rate Increase

MIAIL / LUIIID

Jocelyn Boyd Clerk

South Carolina Public Service Commission

Dear Ms. Boyd,

As a resident of Forty Love for 4 and 1/2 years I would like to express my personal concern regarding the poor quality of service that Carolina Water, aka Utilities Inc. has provided. During the short time that we have lived in this service area the number of times we have had interrupted service, COMPLETE loss of service, quarterly "flushing" and boil advisories have been countless. We have also witnessed catastrophic sewer leaks, which have leached directly into stoffli drains and possibly running off into Lake Murray. Our faucet fixtures are pelfillamently etched due to either high iron bacteria or high chlorine contact that is a result of poor water quality provided by Carolina Water Service. Our family consumes approximately two cases of bottled water per week due to the unpleasant taste of water provided at our tap.

I have had to endure a vet bill of several hundred dollars due to a pet contracting an intestinal bacterial infection as a direct result of open septic drainage pooling at the back of my yard. I notified Carolina Water Service of the leak, as well as my vet expenses and never heard back from them or was reimbursed for my expense.

I am adamantly, and I'd like to repeat, ADAMANTLY opposed to the proposed sewer and water rate increase request. The substandard service that we have endured by Carolina Water Service aka Utilities Inc. has been deplorable. I believe that a review over the past few years regarding water service interruptions, repairs and complaints will hardly warrant a rate increase but should in fact warrant a need for a complete change of service.

Please note my residence address as one that would be known as a "PROTESTANT" to this request for an increase. I have also included my contact phone number and email address for future contact.

Sincerely, Paul & Trish Taylor 330 Forty Love Pt. Chapin, SC 29036 paultaylorealtor@gmail.com 803-463-4663

PS. If needed, I have photos of past two sewer leaks, with the most recent one being two months ago.

Ibject: Carolina Water Service

South Carolina Public Service Commission,

We have lived in Forty Love for 24 years and have had severe problems with water quality the entire 24 years. Our water is discolored (brown or grey) most of the time. We have to empty my tub over and over due to the brown color and then the bottom of the tub is covered with dirt and sand. Our toilets and sinks are all stained an ugly brown color. Our water has a bad odor and taste. My white clothes never get clean and have a musty smell.

We do not believe that a rate hike is warranted to CWS due to the very poor quality of water we receive from them. There is no excuse for this. If they cannot provide clean water equal to Columbia City Water, they should not be in the water business. Infact, we ademently feel that your commission should make them improve the water quality 100% or have our water supplier changed since they cannot correct it.

Thank you for your consideration in this matter.

Donna and Fred Wallace 140 forty love Pt Chapin, SC 29036

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Carolina Water Service is proposing an 80% rate increase to our water. We moved here from Northern Virginia and all of our living expenses are less except for the water and sewer bill. It is the only one that is already higher than what we paid before and now they want to increase it by 80%. Our average water/sewer bill for the past 12 months is \$83 and the average monthly price while we lived in Northern Virginia was \$79 per month. We have an irrigation system but did not water last summer during the extreme heat so these numbers are only accounting for daily living for a family of 3. At any rate I don't understand how an increase of of this caliber is necessary except in a case of negligence. We have had multiple water main breaks resulting in low pressure or water being unavailable. I understand it will take money to replace aging systems but, again, this is something that should be planned for and not thrust upon the customers as a rate hike. Thank you for your time in reading this.

subject of this pending proceeding? (This section Hills to completed. Attach additional information if necessary.)

I am a current customer of Carolina Water service.

2. Please give a concise statement of your protest. * (This section !!!!!!! be completed. Attach additional information if mecessary.)

I am a customer of Carolina Water Service, and I am against the rate increase that has been proposed. We have one of the highest water rates and our water bills are very high! We can hardly afford to water our plants and grass due to the high rates! When we checked into a separate meter for watering, it wasn't worth it. Please, do not increase our already high water rates! We value where we live and want to stay here to raise our family. Increasing water rates doesn't make sense for our area.

Thanks for your time with this matter.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

My name is Ann O'Neill, I am a resident of the Forty Love Subdivision in Chappin, SC. I am contracting you to protest the huge rate increase Canollina Watter is proposing. I have been a resident for approx. 6 years. In that time the the quality of watter has been terrible. It smedls, it is discolored, tastes terrible. All of our towels and clothing retain a foul, musty smedl after washing. We have to purchase only bottled watter for drinking because the watter provided now tastes like bleach. When we try to take a bath, the watter is so discolored and foul you wouldn't even considered bathing in it. When we complain they come out and "flush the limes. Our service is intermupted constantly the pressure is terrible and we never get a "credit", we are just asked to continue to pay for poor

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Our household of two people already pays an average of over \$115.00 per month for water service. We have lived in nine different locations over the last fifteen years and none come close to being this expensive even though most had far less ease of access to fresh water and much more reason to have higher costs of operation.

Carolina Water has terrible service as far as their billing is concerned, which was admitted to me by one of the Utilities, Inc. representatives the last time that I had to call after having not received a monthly bill.

We are quite regularly notified that there has been a lime issue and our water has to be boiled until further notice. Just as often a neighbor will mention that they have received a call notifying of the need to boil but the house right next will not receive the call.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

If the hearing were to be held in the Lake Wylie area I would be willing to appear if needed.

IN RE: Docket No. 2011-47-WS - Application of Carolina Water Service, Incorporated for Approval of an Increase in Its Rates for Water and Sewer Services Provided to All of Its Service Areas in South Carolina

Dear Mr. & Mrs. Harris:

our written protest in the above-referenced proceeding has been received by this office. A Protestant is a party objecting on the ground of private or public interest to the approval of an Application, Petition, Motion or other matters which the Commission may have under consideration. A Protestant may offer sworn testimony but can not cross-examine witnesses offered by other parties. A Protestant desiring to become an intervenor in a proceeding before the Commission may file a Petition for Intervention within the time prescribed by the Commission. Your Protest has been placed in the Protest File of this Docket.

According to the Commissiom's Rules of Practice and Procedure, a Protest does not make you a Party of Record.

If we may be of further assistance to you, please do not hesitate to contact us.

Sincerely,

Daphne B. Duke Information Resource Consultant

Customer of the company.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

We are already paying some of the highest rates across North and South Carolina. As residents, we do not have a choice of competing companies. The cost to install a 2nd meter for irrigation purposes is again higher than most other companies across two states. This allows the company to continue to rob it's customers in the short term, the long term, or bothil I find it outrageous that they are now asking for an 80% increase. We should be demanding a decrease in cost or fighting to have another company service our community.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

I would like for a hearing to be held locally (Lake Wylie) and I would make an appearance and offer sworn testimony.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Utility rates are already set a level that allow companies to perform necessary maintenance, maintain a minimum level of quality and earn a reasonable profit. CWS is already the most expensive water service in the 2 states. To allow another hike so their rates continue out of alignment with their peers, we remove all incentives for them to learn to run an efficient company. The media reported their spokesperson saying the increase was necessary for repairs. How can that possibly be true with the highest rates and the rates already designed to cover those expenses? CWS is merely taking advantage of their monopoly position and implementing a standard practice to ask for an increase every chance they are allowed. Based on their current rates, they must have been successful at that strategy. Please, review the following links for comparisons and ASK for a thorough explanation of how they operate so inefficiently despite already having such a high rate compared to their peers. Allow competition to come in and CWS will either fix their internal company problems that allow them to run so poorly or they will fail. Not a resident I know would not welcome with open arms ANYONE else to try to provide a level of service CWS does for the same price. Do not allow the price increase,

RECEIVED

PSC SC
MAIL DMS

June 6,200111

Jocelyn Boyd, Clerk South Carolina Public Service Commission 101 Executive Center Drive, Suite 100 Columbia, SC 29210

Dear Ms. Boyd,

This letter is in reference to docket number 2011-47-WS regarding my protestant against Carolina Water Service's latest request for a rate increase. We have lived in the Columbia area for more that 16 years and for the last 3.5 years having water service from Carolina Water Service. This water system is really horrible. Most

)ur clothes, towels, dish cloths smell like rotten mildew, our water that flows out of the faucet smells like wage or extreme chlorine and bleach. We can not wash our cars with this water as it leaves permanent water stains on the paint. Several times a year we spend around \$40 on filters so that we can at least filter the water

to drink but really fear that we are going to be sick because the water is so bad. Several of our bathrooms run brown water, particularly our garden tub and children's rooms.

"hey have tried to make the water better but all efforts just seem to be a band aide. I think the system for our adighborhood was designed for a small development of a few houses. We have over 100 homes and it just doesn't seem to work.

I am not happy paying for the current water. They are now looking to increase the cost and that is just not right. We often feel that we would have better water if we lived in a third world country. Please put your selves in our shoes. Would you like to live with this kind of substandard water and then be charged more?

Should you have any questions, please contact me at 803-732-8930. I appreciate your consideration in this matter. Can you please let me know you received this letter?

Sincerely,

Frank S. Rutkowski

Columbia, S.C., April 20, 2011 -

Carolina Water Service Seeks 80% Increase in Average Water Bills

The South Carolina Office of Regulatory Staff (ORS) is advising customers of Carolina Water Service, Inc., (CWS) of an application filed by the Company with the Public Service Commission (PSC) on April 15, 2011, for an 80% increase in its water rates and a 14% increase in its sewer rates.

CWS provides water and sewer service to two types of residential customers: full-service and distribution-only (for sewer, the latter would be collection-only).

For each category of customers using (on average) 7,000 gallons of water per month, the increase requested by CWS would result in the following changes to monthly water and sewer bills:

Customer Category	Current Bill	Amount of Increase	Resulting Bill
Water: full-service	\$35.94	\$29.36	\$65.30
Water: distribution-only (exclusive of purchased-water component)	\$25.30	\$20.54	\$45.84
Sewer: full-service	\$39.00	\$5.32	\$44.32

To: Easterling, Deborah

Subject: Re: Carolina Water Service 80% rate increase. Docket No. 20011-47-WS

I previously sent in a letter of protest concerning Docket No. 2011-47-WS. As I may be unable to attend the public hearing scheduled for July 13, 2011, I wanted to send in the following exhibits as addendums to my original complaint. Exhibit 1 is the first page of the letter from the Office Of Regulatory Staff concerning the rate increase. This letter shows the cost for an average of 7,000 gallons of water per month. It is unclear to me how these costs are arrived at.

Exhibit 2 is the bill I received due June 20, 2011. This bill is for 7,930 gallons of water per month. Please note the following from this bill. The Water Supply Charge is \$0.0034526/gallon. Also, the Average Daily Cost is \$2.86. The total billing for this period is \$94.30.

Exhibit 3 is the bill I received due July 22,2011. This bill is for 6,570 gallons of water per month. Please note the following from the bill. The Water Supply Charge is \$0.0041504/gallon. Also, the Average Daily Cost is \$3.27. The total billing for this period is \$92.85.

I have my plumbing system checked. I do not have any leaks or any items, such as toilets, that are leaking and causing a drain on water. I do not water my yard, because with the current cost I can not afford that luxury. I only run a dishwasher 2 times a week, a washing machine 2 times a week, and then have a daily shower and toilet usage for 2 persons living in this home. As you can see from Exhibit 2 & 3, the water supply charges are not consistent from month to month. Also the average daily cost are greatly different. I find it suspect that, during the month that I use less gallons than what Carolina Water Service considers average, my average daily cost goes up. Another item that stands out is that after my usage went down nearly 1,400 gallons/month, my bill only dropped \$1.45. This is the real cost of Carolina Water Service, not the cost shown in Exhibit 1. If the rates are allowed to go up by the suggested 80%, then I am likely to have bills in the range of \$150/month. Carolina Water Service is already billing monthly more than other water/sewer providers in the area. If they can not run their business with getting a premium cost above other service providers, then they need to get out of the water/sewer business. We, the consumer, have no choice of getting our water elsewhere and are, in a sense, being held hostage by this company. I implore you not to allow them this outrageous increase, or any increase for that matter.

Sincerely,

RECENTED

I am a customer of Carolina Water Service, Inc.

2. Plaine give a concise statement of your protest. * (This section in the completed. Attach additional information if necessary.)

Carolina Water Service, Inc. ("CWS") has filed an application to adjust an increase of price its for water and sewer services. I am protesting this adjustment. CWS has not provided Sufficient and complete evidence to warrant an increase in water and sewer rates to the amount documented in the "NOTICE OF FILING AND HEARING". In comparison to other water and sewer providers in the Midlands region, CWS is the most expensive water and sewer services provider. Water and sewer services are critical services in my community. CWS is the only water and sewer services provider in the Keystone Commons Sub-division community, there is no competition in the area. Residents in my community simply cannot choose to change service providers because competition does not exist. Without competition, CWS monopolizes the market to it's advantage; residents will either be forced to pay increased rates or move out of the community. More than 9-years ago I was hesitant to move into the Keystone Commons Sub-division, in part, due to the high water and sewer rates. Increasing the rates as CWS has proposed in it's filling will deter residential growth and commerce, having a negative impact to the community. CWS's application for increased rates will nearly double the price of services to it's customers. This steep increase of rates reflect CWS' poor leadership and poor management, taking advantage of residents in my community. CWS must not be permitted to increase rates for its services.

3. Do y/iu wish to make an appearance at a hearing in this proceeding vif scheduled, and offer sworn testimony?*

(This satisfied should be completed.)

I will attend the hearing and wish to verbally share the protest statement documented above. I want to insure the commissioners consider my protest.

JE OF LIME

Oction 5 Urrain

Carolina Water Service, Inc. ("CWS") has filed an application to request an exorbitant increase of the price for water and sewer services, I am protesting this adjustment. CWS has not provided sufficient and complete evigence to warrant such a huge increase in water and sewer rates to the amount documented in the "NOTICE OF FILING ANI I HEARING", In comparison to other water and sewer providers in the Midlands region, CWS is the most expensive water and sewer services provider. Water and sewer services are critical services in my community. CWS is the only water and sewer services provider in the Keystone Commons Sub-division community; there is no competition in the area. Residents in my community simply cannot choose to change service providers because compatition does not exist. Without cor ipelition, CWS monopolizes the market to it's advantage; residents will either he forced to pay increased rates or move out of the community. There are senior citizens as well as single women and single mothers living here. I wat collected with the water rate when I purchased my home 3 years ago. I plan to retire within a few years and will be living on a fixed income, I could not afford this huge increase in my water and sewer rate. If their request is approved, it will be made than my power bill. I hate to think that at 69 or 70 years of age, I would have to sail my home simple because of my water and sewer bill. Please do not permit CWS to increase rates for its services.

No, I do not wish to speak, but I do plan to attend the hearing,

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? * (This section should be completed.)

Yes.

2. Please give a concise statement of your protest:

At right, the following municipalities not only treat the water and sewer, but yet are able to maintain far more affordable rates. CWS cultivately charges nearly double for merely a pass-through system, and now wants to mease rates 83%? UNBELIEVABLE!

I ask the PSC to consider the following:

- No customer has control over water lost between the master meter and resident meters. Customers should not have to pay for variable costs the utility could maintain better but doesn't.
- Accountability. Waste water treatment plants water usage is, at this time, estimated and not metered, giving CWS the ability to charge whatever suits its interest.
- Distribution-only customers should not have the same costs go into their Base Facilities Charge and Commodity Charge as non-distribution only customers.
 CWS has only to maintain lines and bill customers in distribution-only water systems. We already pay for all the West Columbia water treatment facilities (Supply Charge).

Rates charged by other water and sewer providers

(Based on 6,000 gallons of in-town, residential usage)

	Water	Sewer
Batesburg-Leesville	\$31.28	\$40.28
Cayce	\$22.61	\$17.07
Chapin	\$35.50	\$17.00
Lexington	\$28.99	\$32.67
West Columbia	\$15.10	\$9.20
Joint Municipal Water and Sewer Commission	\$39.68	\$45.16

SOURCE: STATE BUDGET AND CONTROL BOARD, OFFICE OF LOCAL GOVERNMENT, OCTOBER 2010. SERVICES ARE FROM MUNICIPALITIES OR SPECIAL PURPOSE DISTRICTS WHICH ARE NOT PROFIT BASED OR REGULATED BY THE PSC.

- Can the PSC scrutinize the financial documents provided in the CWS rate case application to make absolutely sure monies are going where it should and not to cross company/cross state functions? Utilities Inc. owns five water companies in South Carolina alone and is also in 17 other states. One office in Northbrook, Il., handles the billing for all of these the sister companies. There is bound to be error.
- The "pass-through" mechanism should be changed in the new rate structure, specifically, that customers should only be billed for the gallons of West Columbia water that pass through their individual meter and only at the rate that West Columbia charges Carolina Water Service.
- The CWS water tower on Mineral Springs road is an eyesore. Doesn't look like one-cent of the capital improvement has been applied to it. Looks abandoned. To take a look at it makes one think twice about drinking the water that's coming from it.
- My wife and I bought our home at 111 Maple Leaf Way in Lexington in Jume 10. After discussing with other neighbors how they felt about the neighborhood, they were all very pleased with it save for one thing Carolina Water Service. All of our neighbors consistently complained of poor customer service and very inaccurate billing. This has been heard across the board from every neighbor we've met.

Thank you for considering the above. I hope the PSC can find justification for allowing an 83% increase to our water service because, frankly, I can not.

Sincerely,

Michael Ball

1. What is your connection or interest in this case? For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed, Attach additional information ifmacessaty.)

I am a water and sewer customer of Carolina Water Service, Incorporated in the Maple Grove subdivision in Lexington, SC. I am considered part of the "I-20" water system, am a "Water Distribution Only" customer, and a standard sewer customer,

2. Please give a concise statement of your protest. *(This section must be completed. Attach additional information if macessaly.)

Carolina Water charges high rates. They do not provide fire hydrants and will not allow use of fire hydrants on their lines in case of fore. I should not pay for water used for waste water treatment plants. This should be metercal (not estimated) at the WWTP and not be included in water customer rate eal culations or Charges.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

If held in the Lake Wylie area, I would be willing to appear.

From: Pamela J Horack 8 Mischief Lane

Lake Wylie, SC 29710

To: Public Service Commission of South Carolina

I am concerned about the proposed rate increase filing by Carolina Water Service for the River Hills neighborhood. My bill dated March 20, 2011 was \$83.62. Based on their proposed numbers, my bill would be \$119.61 for the same service. This is disturbing since I would be footing at least a 43% cost increase to fund a company that is not providing me increased service. Here are a couple of recent service examples:

During a recent storm, when power was out for almost 24 hours, we received a recorded call around 11pm informing us that Carolina Water was requesting limited water use as they return to normal. They called the next morning to say that the water restriction was lifted. Why would they wake me up to tell me to limit my water use overnight? That made no sense to me.

During a recent call requesting a separate meter, the customer service representative was not able to give me any information regarding my request. She was not friendly. She did send a request for someone to come to my house to look at the request. As of June 2nd, I have not been contacted by Carolina Water regarding this request. I have called to make a second request.

According to the Rock Hill Herald atticle dated April 21, the application for rate increase includes an 11.5% return on equity for the shareholders. According the Utilities Inc. website, the company is owned by a private equity owner. Since company financials are not public information, I am unable to review the numbers to determine if this is a valid ROE request. As a Financial Planner, I don't know of anyone who is receiving an 11.5% ROE in the current economy, palticularly for taking on the no-risk proposition of increasing rates to those who are required to pay it.

The information on the company website reinforces the fact that this group is not interested in customers. Information on the website repeatedly states that Utilities Inc. is a "big company" that is "well-funded" and composed of board members with "industrial and accounting" experience. Nowhere in the company information do they state that they work for the benefit of the customer. They know they have a captive consumer base; therefore, this private equity owner can do what it wants in requesting huge rate increases.

During this critical economic time of rebuilding for so many individuals, a rate increase request of this magnitude can make or break a family's household budget. Households are already coping with increased gas, food and clothing costs. Many are still suffering from the decreased net worth of their homes and retirement funds. Wages are not increasing, although unemployment is slowly decreasing. Household budgets are tightly squeezed and this rate increase will only serve to make matters worse.

Also, I believe that requests such as this from Carolina Water continue to drive business away from the Lake Wylie area. I have personally considered moving to reduce my cost of living and my monthly water bill is one of the biggest components of that thinking. I'm normally pro-business, but I would really like to see the water service in our area taken over by a government entity that can distribute it in a more fair, equitable and affordable manner.

PUBLIC SERVICE COMMISSION OF SOUTH CAROLINA

CLERK'S OFFICE

NOTICE OF PUBLIC NIGHT HEARING

JUN 0 & CHIL

CLEAN & OFFICE

DOCKET NO. 2011-47-WS

APPLICATION OF CAROLINA WATER SERVICE, INC. FOR APPROVAL OF AN INCREASE IN ITS RATES FOR WATER AND SEWER SERVICES PROVIDED TO ALL OF ITS SERVICE AREAS IN SOUTH CAROLINA

Carolina Water Service, Inc. ("the Company or CWS") has filed an Application with the Public Service Commission of South Carolina ("the Commission") for an adjustment of its rates and charges and for modification of certain terms and conditions for the provision of water and sewer service. The Application was filed pursuant to S.C. Code Ann. Section 58-5-240 and 26 S.C. Code Ann. Regs. 103-512.4.A and 103-712.4.A. CWS provides water and sewer service to the public for compensation in certain areas of South Carolina pursuant to rates approved by the Commission in Docket No. 2006-92-WS.

PLEASE TAKE NOTICE that a Public Night Hearing on the above matter has been scheduled to begin at 6:00 P.M. on Wednesday, July 13, 2011, before the Public Service Commission at the Lexington County Tennis Complex, Second Floor Conference Room, 425 Oak Drive, Lexington, South Carolina 29073. Persons who wish to testify before the Public Service Commission regarding the Application may do so at this hearing. All testimony will be given under oath.

Persons seeking further information about the Commission's procedures should contact the Commission's offices by dialing (803) 896-5100 or by writing to the address below.

PSC; SC MAIL / Divis We have been with CWS for approximately twelve years. In this time we have experienced inconsistent billings and poor service. We have never been satisfied with our service and we do not know of another CWS customer that is satisfied. I feel that we are forced to pay an outrageous amount, and when I have shared with friends and family of the amount that we pay they also believe the charges are outrageous. After some investigation we found that West Columbia is charging a base fee of \$15.10 for water and a base fee of \$9.20 for sewer, this being said, CWS has a markup rate of between 300 to 400%. I do not know of another commodity that has that much of a markup, especially a commodity that I have to have to live and I do not have a choice of whom I get it from. I believe that CWS has taken advantage of the fact that they do not operate on a free market bases. No matter how bad there service, or how high their rates are, I will still be forced to pay. I also understand that while all other water companies take a loss on water leaks (their side), theft, and general water loss- CWS just passes this cost of doing business on to their customers. I am asking the PSC to seriously look at what CWS is doing.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

An 80% increase in my water bill will seriously cut into our fixed bucket. On average we are irrently paying buless than \$100 a month. This increase would put us in the range of \$ 200? water because the last of drinking wrently spend an additional \$ 600 a month to purchase bottled water because the last of drinking is water out of the tap-even when filtered-is disglisting. Why should pay \$200 for water is water out of the tap-even when filtered-is disglisting. Why should pay higher rades when rate doesn't even get treated? Further more, I do not real that I should pay higher rades when sides not allow the use of fire hydrants on their lines to allow first responders to protect is does not allow the use of fire hydrants on their lines to allow first responders to protect is none or property in the event of afire! Finally, I have lived in my house for 7 years. The only, I have lived in property land to turn off my weater will have selvany enclose of the water company is when they came to turn off my weater will have selvany enclose of the water company is when they came to turn off my weater non payment of ability that I had never received. A fact that was acknowledge by clust but not applicated for or corrected our my biel!

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a water and sewer customer of Carolina Water Service, Incorporated in the Maple Grove Subdivision in Lexington, SC. 1 am considered part of the "I-20" water system, am a "Water Distribution Only" customer, and a standard sewer customer.

2. Please give a concise statement of your protest. * (This section must be completed, Attach additional information if mecessary,)

The percentage increases being suggested are unfair because of many reasons. Customers should only be billed for gallons of W. Cola water that passes through their own individual meter only at the rate W. Cola charges carolina water service. Pass through increase is further wrong because customers have no control over water lost between master meters and resident meters. A base increase elso is ponderos. Cws once stopped billing us, as and one day aftoo lappox) bill showed up. They claimed a "software problem" in their billing system. Their customer service reps have been anything but helpful and borderone rude. This requestris a travesty.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? * (This section should be completed.)

We are currently a customers of CWS. We have lived at our current residence for the past 7 years.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

We are greatly contesting the imcrease of the water rates due to the service and billing problems that we have had. Over the past few years we have had major incomsistencies in our bills. Many times when we have called customer service and they have had no answers as to why our bill is incorrect. We have been told numerous times it was because they were switching to a new billing system. The bill that we were calling about did not even match their records for the same billing period. Our meter and our neighbor's meter are grass covered and do not appear to have been read in a few months. They also charge us a prorated fee for water that is passing through their meter before it reaches our home. If there is a leak in the lime they have no need to fix it quickly because we are paying for the water that is leaking out. Until many of these problems are corrected I do not feel that CSW needs to increase their rates. Until they can explain to us what we are currently paying for and their customer service people can explain the numerous errors in our bills and we can see that our meters are actually being read, there should be no rate increase.

3. Do you wish to make all appearance at a bearing in this proceeding, if scheduled, and offer sworn testimony? *

subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a water and sewer customer of Carolina Water Service, Imcorporated in the Maple Grove subdivision in Lexington, SC. I am considered part of the "I-20" water system, am a "Water Distribution Only" customer, and a standard sewer customer.

2. Please give a concise statement of your protest. *(This section must be completed. Attach additional information if mecessary.)

We think that the "amount that our neighborhood is charged for water is outrageous. We have lived in this subdivision for 8 years and the cost for sewage has constantly gone up, which is more than the actual water bill portion. Whenever I have called CWS they say that we are paying a fee for their company to be the middle man.

Our bills are comstantly fluctuating on when you receive them and when payment is due.

Also in regards to the quality of water that we pay so highly for, we actually have to have a filtering system in our sink and our refrigerator/ice maker to be able to drink it.

My brother and my aunt live in neighborhoods near us that are provided with CWS and they are very upset and dispressed as well.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

Olivera Lynch David Dufort 224 Loskin Lane Lexington, SC 29073

IN RE: Docket No. 2011-47-WS - Application of Carolina Water Service, Incorporated for Approval of an Increase in Its Rates for Water and Sewer Services Provided to All of Its Service Areas in South Carolina

Dear Mr. Dufort & Ms. Lynch:

Your written protest in the above-referenced proceeding has been received by this office. A Protestant is a party objecting on the ground of private or public interest to the approval of an Application, Petition, Motion or other matters which the Commission may have under consideration. A Protestant may offer sworn testimony but can not cross-examine witnesses offered by other parties. A Protestant desiring to become an intervenor in a proceeding before the Commission may file a Petition for Intervention within the time prescribed by the Commission. Your Protest has been placed in the Protest File of this Docket.

According to the Commission's Rules of Practice and Procedure, a Protest does not make you a Party of Record.

If we may be of further assistance to you, please do not hesitate to contact us.

Sincerely,

Daphne B. Duke
Information Resource Consultant

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a water and sewer customer of Carolina Water Selivice, Incorporated in the Maple Grove subdivision in Lexington, SC. I am considered part of the "I-20" water system, am a "Water Distribution Only" customer, and a standard sewer customer.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

CWS's passthrough mechanism is an unfair and unreasonable way to pass charges on to us, the customer. We are essentially paying twice the cost for water. CWS does not routinely check our meter but charges us specific usage. How are they determining what we used if they aren't regularly cheeking the meter? Our billing cycle is more than three months behind leaving us no way to billing cycle is more than three months behind leaving us no way to billing cycle is more than three months behind leaving us no way to dispute charges in a finely manner. CWS is not concerned about the dispute charges in a finely manner. CWS is not concerned about the chispute charges in a finely manner. CWS is not concerned about the dispute charges in a finely manner. CWS is not concerned about the chispute charges in a finely manner. CWS is not concerned about the dispute charges in a finely manner. CWS is not concerned about the chispute charges in a finely manner. CWS is not concerned about the dispute charges in a finely manner. CWS is not concerned about the chispute charges in a finely manner. CWS is not concerned about the dispute charges in a finely manner.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

No

compared to other water system: in the area.

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am customer of the Carolina Water Service.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Our household consists of 2 adults. We continue to try and conserve our water usage due to the fact that the cost of our water is higher than what we were paying when living in Charlotte NC. CWS's request for 80%+ imcrease in customer's rates is outrageous. If operating and maintenance expenses have only increased 6% per year since 2005, this equates only to roughly 36%. Their request for the additional 44% monies is pure greed. Their increase should be denied.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

No.

Subject: Rate increase for CWS

To whom it may concern,

I am quite frankly appalled by the thought of a "49%" increase in our water service. It makes me feel absolutely helpless because I know if I want water it has to be provided to me by Carolina Water Service. This increase will put unnecessary stress on the already increasing financial responsibility of my family. My husband and I just recently decided that the rate increases that the cable company instilled upon us was to much so we eliminated cable from our home! Unfortunately we don't have the luxury to "shop around" for water. I hope you will take every email and letter that you are receiving into the highest consideration when making your decision about allowing CWS to increase their rates and realize that this increase will hurt thousands of customers.

Sincerely, Katie 0. James

Dahmy Meyers 116 Forty Love Pt. Chapin, SC 29036

IN RE: Docket No. 2011-47-WS - Application of Carolina Water Service, Incorporated for Approval of an Increase in Its Rates for Water and Sewer Services Provided to All of Its Service Areas in South Carolina

Dear Mr. Meyers:

Your written protest in the above-referenced proceeding has been received by this office. A Protestant is a party objecting on the ground of private or public interest to the approval of an Application, Petition, Motion or other matters which the Commission may have under consideration. A Protestant may offer sworn testimony but can not cross-examine witnesses offered by other parties. A Protestant desiring to become an intervenor in a proceeding before the Commission may file a Petition for Intervention within the time prescribed by the Commission. Your Protest has been placed in the Protest File of this Docket.

According to the Commissiom's Rules of Practice and Procedure, a Protest does not make you a Party of Record.

If we may be of further assistance to you, please do not hesitate to contact us.

Sincerely,

Daphne B. Duke Information Resource Consultant

I am a customer of this company and a resident of Lake Wylie.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if macessary.)

I am protesting the company's request of an imcrease in charges for water service. Of all of the places I have lived the charges for water service here in Lake Wylie are the highest by far that I have ever seen. They are even high than I paid while living out west in the high dessent.

Prior to moving to Lake Wylie, I lived in Clemmons, NC. My water usage there was actually higher than I am currently using, however, my water bills in Clemmons were between \$25 to \$35 per month. My bill here in Lake Wylie averages \$60.+ per month.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? * (This section should be completed.)

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section thinks be completed. Attach additional information if necessary.)

Carolina Water has provided water service to my home for 15 years and the water quality is horrible. We have complained and no improvements made

2. Please give a concise statement of your protest. * (This section hillust be completed. Attach additional information if necessary.)

The quality of water in our neighborhood, Forty Love development in Chapin, is awful. The water is brown, leaves stains in bathroom fixtures, sinks, fridge, etc. The shower and bathtub are left with water stains that cannot be removed. Drinking glasses are stained and cannot be cleaned. The water does not taste good. We have complained numerous times and no improvements are made. We also do not have enough water pressure to take showers.

Carolina Water should not be allowed an increase until they can prove to provide quality water.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

I am a water and sewer customer of Carolina Water Service, Incorporated in the Maple Grove subdivision in Lexington, SC. I am considered part of the "1-20" water system, am a "Water Distribution Only" customer, and a standard sewer customer.

- 2, Please give a concise statement of your protest. * (This section must be completed Attach additional Information if necessary.)
- -Lost water expense should not be covered by customers, leaves little incentive for CWS to decrease this amount
- -Pass-through mechanism be changed in the new rate structure that customers should only be billed for the gallons W. Col. water that pass through my meter and only at the rate that W. Col. charges CWS
- -The percent of Increase that CWS is asking is not fair and justified, I have not seen any capital Improvements in my neighborhood and understand that CWS has consolidated services, should justify less staff and expenses
- The current rate is one of the highest in the state, we do not have a choice of who we get our water from, leaving us little option in receiving a necessity of life
- -Distribution only customers should not have the same costs go into their base facilities charge and commodity charge as non-distribution only customers
- 3. Do you wish to make an appearance at a hearing in this proceeding , it scheduled, and offer sworn testimony? **

Dear Sir or Madam:

As a resident and member of the Mill Creek Falls
Homeowners Assessciantion, Mill Creek Falls being a community

of 398 home sites located within the 29710 area zip code in Lake Wylie, SC, I am writing to you to object to Docket #2011-470 WS, the Application of Carolina Water Service, Inc. for Approval of an Increase in its Rate for Water and Sewer Services Provided to All of Its Service Areas in South Carolina.

We feel that a rate increase of 80% is not only unnecessary, but in this age of overall inflation more than unreasonable.

We ask that the Public Service Commission of South Carolina do its duty for the public it represents and deny this rate increase.

Our Board of Directors has offered send a representative to appear before the Commission if deemed necessary.

Sincerely,

Gary & Claire Brant 2147 Eskridge Terrace Lake Wylie, SC 29710 gcbrant@comporium.net 313-910-3801

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section interest.)

I am a customer of Carolina Water Service Inc.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I feel that the requested rate increases are not justiffed. I do not receive sewage or waste water service from the company since I am on a septic tank. The majority of expenses claimed by the company are for waste water or sewage treatment, and no expenses incurred for providing service to Aiken, South Carolina are claimed. Since I must fund any expenses associated with my septic tank, I feel that the company must not expect me to fund expenses for services provided to another distinct and unrelated group of customers in a different geographic area.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

IN RE: Docket No. 2011-47-WS - Application of Carolina Water Service, Incorporated for Approval of an Increase in Its Rates for Water and Sewer Services Provided to All of Its Service Areas in South Carolina

Dear Mr. & Mrs. Lampalter:

Your written protest in the above-referenced proceeding has been received by this office. A Protestant is a party objecting on the ground of private or public interest to the approval of an Application, Petition, Motion or other matters which the Commission may have under consideration. A Protestant may offer sworn testimony but can not cross-examine witnesses offered by other parties. A Protestant desiring to become an intervenor in a proceeding before the Commission may file a Petition for Intervention within the time prescribed by the Commission. Your Protest has been placed in the Protest File of this Docket.

According to the Commissiom's Rules of Practice and Procedure, a Protest does not make you a Party of Record.

If we may be of further assistance to you, please do not he sitate to contact us.

Sincerely,

Daplme B. Duke Information Resource Consultant

Re: Docket #2011-457-WS

Dear Members of the Commission:

RECEIVEL

As a resident and member of the Mill Creek Falls Homeowners Association, which consist of a community of 398 home sites within the 29710 zip code area in Lake Wylie, SC, I am writing to you to disapprove the application of Carolina Water Services increase in Water and Sewer rates. An 80 % no less any increase in rates at this time is absurd and insulting to the residents of Lake Wylie. We already pay one of the highest water and sewer rates imaginable and this rate request is an insult to the people of the community.

We ask the Public Service Commission of South Carolina to do the right thing and deny the rate increase.

Sincerely,

Ronald & Arlene Lamparer W OUR OBJECTION

water company's mistakes. This rate increase is not a small increase and will have a direct impact on our quality of living, Included in the increase is the cost of a water meter, which has been proposed to increase from \$11 to \$19 per meter. That means I will pay \$38 before I even consume any water. There should not be a fee to have a meter in my yard, because I pay for the water coming from it. The Carolina Water Service should be held liable for the sewage cleanup, not the residents, They should not be allowed to simply increase rates by 40% to make up for their inefficiencies, Other water companies in the area are held to high standards and are a lot more respected by their community, If Carolina Water Service can not perform to the standards of other water companies in the area, they need to be removed and replaced.

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? * (This section should be completed.)

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section till be completed. Attach additional information if necessary.)

I live at Mallard Cove condominiums. This is a ten unit condominium complex which receives water and sewer service from Carolina Water. The water is provided by a well. The well, pump station, water treatment facility and storage tank are all located on Mallard Cove property. Mallard Cove is not compensated by Carolina Water for the use of our property.

2. Please give a concise statement of your protest. * (This section Hills) be completed. Attach additional inflormation if necessary.)

Carolina Water Service provides poor quality water, poor service and has damaged our property due to the operation of their water system as follows:

- 1. Unlike municipal water, Carolina Water's water has a high mineral content which damages commodes and plumbing fixtures. The buildup of minerals in my commodes became so unsightly that I had to replace all three of my commodes recently. Already, my new commodes have an unsightly mineral buildup. Like Wise, I had to replace all my faucets.
- 2. Carolina Water's billing system has been a mess as Carolina Water transitions to a new billing system. Bills have been many months late creating extra work for our Treasurer.
- 3. A chemical leak from the water treatment facility damaged our tennis court. Water flushed from the water system eroded the bank above our tennis court. Carolina Water did not inform us of either one of these situations and we had to make written requests to them to get compensation.

Carolina Water is an unacceptable water provider. The PSC should insist that Carolina Water improves their service before considering ANY rate increase.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? * (Tibis section should be completed.)

No

Letter of Protest in Docket * 2011 - 47

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section <u>must</u> be completed. Attach additional information if necessary.)

We are customers of Carolina Water Service (aka "Utilities, Inc.") and have been since September 2006. We reside in the Seay Cove community in the town and county of Lexington.

2. Please give a completed. Attach additional information if necessary.)

We received notification through the mail during the week of May 15, 2011, from Carolina Water Service stating that they are requesting a rate increase of approximately 43% from the Public Service Commission. Their reasons for seeking an increase include rising costs of operation and a number of capital improvements made to the system. We do not dispute the fact that their operational costs have probably increased due to inflation; however, we have seen no evidence of the capital improvements mentioned in the notification. Carolina Water Service has given us mediocre service at best and has demonstrated an inability to track its own finances, as evidenced by last year's investigation by the Public Service Commission into their business practices. We are more than willing to compensate Carolina Water Service fairly for the increase in their operational costs due to inflation, but an increase of 43% is exorbitant, unfair to us as consumers, and unwarranted given Carolina Water Service's past and current performance,

We respectfully request that the Public Service Commission limit the increase granted to Carolina Water Service to no more than 10%, which would include roughly 8% due to inflation since 2006. We believe that this level of increase is fair to both the utility and the consumers. Once Carolina Water Service shows evidence of having made the capital improvements mentioned in their petition, they should apply to the Commission for an additional increase.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

No, we do not wish to appear at the hearing.

Dear Mr. & Mrs. Garner:

four written protest in the above-referenced proceeding has been received by this office. A Protestant is a party objecting on the ground of private or public interest to the approval of an Application, Petition, Motion or other matters which the Commission may have under consideration. A Protestant may offer sworn testimony but can not cross-examine witnesses offered by other parties. A Protestant desiring to become an intervenor in a proceeding before the Commission may file a Petition for Intervention within the time prescribed by the Commission. Your Protest has been placed in the Protest File of this Docket.

According to the Commission's Rules of Practice and Procedure, a Protest does not make you a Party of Record.

If we may be of further assistance to you, please do not hesitate to contact us.

Sincerely,

Daphne B. Duke Information Resource Consultant

Re: Docket#2011-47-WS

Dear Sir or Madam:

As a resident and member of the Mill Creek Falls Homeowners Association, Mill Creek Falls being a community of 398 home sites located within the 29710 area zip code in Lake Wylie, SC, I am writing to you to object to Docket #2011-470 WS, the Application of Carolina Water Service, Inc. for Approval of an Increase in its Rate for Water and Sewer Services Provided to All of Its Service Areas in South Carolina.

We feel that a rate increase of 80% is not only unnecessary, but in this age of overall inflation more than unreasonable.

We ask that the Public Service Commission of South Carolina do its duty for the public it represents and deny this rate increase.

Our Board of Directors has offered send a representative to appear before the Commission if deemed necessary.

Sincerely,

Bill M. & Janice Garner

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information iffrecessary.)

I am a water customer of Carolina Water Service, Incorporated in the Maple Grove subdivision in Lexington, SC. I am considered part of the "1-20" water system, am a "Water Distribution Only" customer.

- 2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)
- -Lost water expense should not be covered by customers, leaves little incentive for CWS to decrease this amount
- -Pass-through mechanism be changed in the new rate structure that customers should only be billed for the gallons W. Col. water that pass through my meter and only at the rate that W. Col. charges CWS
- -The percent of increase that CWS is asking is not fair and justified, I have not seen any capital improvements in my neighborhood and understand that CWS has consolidated services, should justify less staff and expenses
- -The current rate is one of the highest in the state, we do not have a choice of who we get our water from, leaving us little option in receiving a necessity of life
- -Distribution only customers should not have the same costs go into their base facilities charge and commodity charge as non-distribution only customers
- 3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
 (This section should be completed.)

I am a resident in the Golden Pond neighborhood in Lexington, and have been a customer of Carolina Water Service for seven years.

subject of this pending proceeding? (This section must be completed. Attach additional information if proceeding)

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Water & sewer rates of Carolina Water Service have always been high compared to the rest of the Midlands. The monthly bills we pay are already ridiculously high, and the proposed increase is outrageous.

My monthly bills were around \$65, but then steadily increased to around \$85, topping out at \$110 last fall/winter. There are two people that live in my house and we do not have a sprinkler system, nor did we ever have any leaks. I find it very hard to believe that we were ever using that much water. For eleven years I worked for a company that owned restaurants all over South Carolina, and the highest water & sewer bills were \$400 (Town of Lexington), but most were under \$200 monthly. These are commercial establishments with several hundred people passing through each day and water constantly being used for over twelve hours a day - and my water bill was 1/2 the cost of theirs. How is this possible?

The sewer charges have always seemed unfair. A family of four or five pays the same \$40 charge that I do, even though we only have two people in the house. Clearly we are not taxing the sewer system as much as larger households.

I have had my water cut off even though the bill was paid. Granted, the bill was paid late, but it was paid and water should not have been turned off. I was charged a re-connect fee and even though I disputed it, the charge was never credited back or removed.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? * This section should be completed.)

I am absolutely willing to make an appearance.

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section mills) be completed. Attach additional information if necessary.)

My husband and I have been customers of Carolina Water Service since 1975 in the Oak Grove area of Lexington County,

2. Please give a concise statement of your protest. * (This section milky) be completed. Attach additional information if necessary.)

Customers should only be billed for the gallons of West Columbia water that pass through our individual meters and only at the rate that West Columbia charges Carolina Water Service, The "pass-through" charge should be changed in the new rate structure.

Also as a consumer I have no control over water lost between the master meter and my resident meter, I should not have to pay for variable costs the utility could control better but doesn't. Making customers pay for all lost water gives no incentive for Carolina Water to implement a water loss program (avoiding theft, preventing/detecting/repairing leaks, etc...)

As distribution only customer, we should not have the same costs go into our Base Facilities Charge and Commodity Charge as non-distribution only customers, CWS only has to maintain lines and bill customers in distribution only water systemss-these customers should not pay for water treatment plants and facilitiesi We already pay for all that In the West Columbia (Supply Charge),

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

I will be attending the hearing on July 13, 2011, but I do not want to offer sworn testimony.

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section! Hillist be completed. Attach additional information if necessary.)

Carolina Water Service provides our water

2. Please give a concise statement of your protest. * (This section Httist be completed. Attach additional information if necessary.)

Carolina Water Service is planning an increase in price for their water service. I have never paid such high prices for water, I relocated here from Long Island, New York where we paid monthly approximately \$47.00. We paid last month here \$160.00 that is an outrage. In a time when people are losing their jobs and unable to get new jobs, they are proposing to increase our prices when they are already outrageously high. Many of us took poles and asked our friends on Facebook how much do they pay for water & sewer and this companies rates are the highest.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

I am unable to attend as I have small children to take care of.

I am customer affected by the proposed Imcnease in water charges.

2. Please give a concise statement of your protest. * (This section Hills be completed. Attach additional information if macessity.)

These charges are not just or accurate. From the statement mailed to me its stating that projects were completed in areas other then York county however; no other area is getting their water utilities increased by this much. Also we are be charged a 80% increase when the cost has only gone up 3-14%. I want to know the project revenue stream for these charges and plans for the increased revenue.

3. Do you wish to make an appearance at a bearing in this proceeding, if scheduled, and offer sworn testimony? *

Subject: Carolina Water Imcrease

Thank you for a moment of your time. I am a Carolina Water Service customer in York county, S.C. and have been since 2001. The water service they have provided has been adequate considering the overall cost of the water and sewer service they provide. I am sure you have access to their overall operating expenses for the last six years and also the revenue they have taken in. They say they have spent 10 million on capital expenditures since 2005. All of these are worthy ventures I'm sure. In that same time I would guess they have taken in 6 to 7 million a year from the immediate customers in this area. Multiplied by 6 years and you have 36 to 42 million dollars. Again I do not have their operating expenses for the last 6 years but deducting the 10 million from the 36 to 42 million revenue still leaves a fairly nice gross profit. Allii ask is that you would take a fair and sound look at the rate Imcrease that Carolina Water Service is asking for and also at the service record they have.

Thank You

Justin Chaney

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section mills be completed. Attach additional information if necessary.)

I am a Utilities Inc. water service customer living in the Seay Cove Community of Lexington, SC. who has been most unsatisfied with the water service provided by Utilities Inc. I have made my dissatisfaction known through a formal complaint lodged with the Public Service Commission and testified at a hearing rit other complaints lodged against Utilities Inc. In 2010.

2, Please give a concise statement of your protest. (This section littlist be completed. Attach additional information if incress 881).)

Since taking over water provision services in our community (Seay Cove) in 2008, Utilities Ina. demonstrated an inability to provide accurate and timely billing for services provided, cut off my water service without proper notice, failed to respond to my complaints in a timely manner and made it necessary to file a formal complaint with the Public Service Commission. I was forced out of my home into a hotel when my water service was abruptly cut off for "failure to pay" - which was a gross error on the part of Utilities Inc. NOT ME. Since the Public Service Commission became inVolved, my bills have been more timely than in the past, but I have no real assurance that similar problems don't loom in our future once the current scrutiny lessens. There was no effort on the part of the company to FIX the problems with multiple customers before being forced by the PSC. This kind of business practice should not be rewarded with a rate increase.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

(This section should be completed.)

I testified at the last hearing - and my availability depends on my work schedule which is very hectic. I work as a nurse practitioner with the School of Medicine and it is difficult for me to take time off and upset busy clinic and hospital schedules. I would rather provide a written compliaint

Subject: Letter of Protest - Docket 2011-47-WS

William A. Gearman 355 Deep Run Road Aiken SC 29803 803-648-4088 May 22, 2011

1. What is your connection or interest in this case?

I am a resident of Hunter's Glen and a customer (water service only) of CWS. I am also a member and vicechairman of the Hunter's Glen Neighborhood Association.

2. Statement of Protest.

I have lived in Hunter's Glen since 1978. In all that time, I have never routinely water my lawn. I have installed automatic watering systems for my container garden. I have done this in an effort to keep my water usage down and my bills still average \$50/month. I find it very difficult to believe that CWS's operating costs have suddenly increased 80% thus prompting their request. To my knowledge, CWS has not made any improvements to the water system that required major funding. One of their pump buildings (~ 80 square feet in size) is in very poor condition and an eyesore in the subdivision. Considering CWS's past maintenance of the facilities, I find it hard to believe that this proposed increase will be used to upgrade the physical plant. To my knowledge, CWS only has an employee at Hunter's Glen on a part time basis to check on equipment operation (usually in the early mornings) and someone to read the meters on what I assume is a monthy basis. The one time I needed assistance from CWS due to a water leak on my side of the meter, I was told it would be at least an hour since the service man had to come from Columbia. In order for the plumber I hired to fix my problem, the CWS personnel had to shut down a section of the water system.

3. Do you wish to make an appearance at a hearing in this proceding?

The Hunter's Glen Neighborhood Association will decide if representation at the hearing is desired.

1. What is your connection or interest in this case? # For example, are you a customer of the Company that is the subject of this pending proceeding? (This section https://distriction.org/ and distriction information if necessary.)

I am a customer of Carolina Water Service, Inc. located in Hunters Glen Subtitivision.

2. Please give a concise statement of your protest. * (This section half be completed. Attach additional information if necessary.)

I am requesting that the Public Service Commission separate the fee application for water only service areas owned by Utilities, Inc. from the application for water and sewer service areas. The proposed rate increases are substantially higher for water service than for sewer service. The meter charge will increase from \$11.09 to \$19.87. The commodity charge will increase from \$3.55 to \$6.49 per 1, 000 gallons. The monthly bill for a family using 6,000 gallons of water will increase from \$32.39 to \$58.81 (82% increase).

The rate increase for water only service exceeds the Utilities, Inc. stated Increase in service fees of 43%. The excess increase in water service only rates constitutes a funding for the sewer service upgrades.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

No.

Subject: Canolina watter rate increase

I am writing you this letter to get more information on the docket 2011-47-ws. I would also like to know how to go about protesting this rate increase. The price for watter is already high compared to other areas in this country and the rate increase only makes this worse.

Can you please provide me any information on how I can protest the 2011-47-ws docket. It is in the best interest of the commission and South Canolina to protect it residents from uttilities who are for proffit.

Thank you

Customer of the company

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I do not agree with the proposed doubling of the water rates. Some increase in rates may be necessary but an increase of 100% is not in the best interest of the public the company serves due to the nature of the service being a necessity to live. The state needs to examine the justification or evidence and make the best decision according to the extent allowed by law. The infrastructure and operating expenses should be paid with adequate rates but these must be justified and explained to the customers if the rate increase would be greater than what is considered "normal".

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

PSCSC MAIL/OMS

Dear Sirs:

I am the President of the Lake Wylie Chamber of Commerce (LWCC). The LWCC counts as its members over 300 businesses in the Lake Wylie, SC area. The great majority of these business enterprises are customers for and users of the services of Carolina Water Services, Inc. (CWS)

CWS has recently filed a request for a rate increase for the water and sewer services they provide in Lake Wylie (known in the request as "River Hills").

On behalf of the Lake Wylie Chamber of Commerce and the residents of Lake Wylie, we request that the Public Service Commission (PSC) hold a public hearing in the Lake Wylie community on a week-day evening of their choosing. The PSC has been gracious to hold such hearings in Lake Wylie in the past in conjunction with similar CWS requests. As you can appreciate, it is difficult, inconvenient, and, in many cases, impossible for residents and business owners to get to a hearing in Columbia.

We will be happy to assist in the anamgements for a location, seating preparation, public address system(s), and any local needs. Please feel welcome to call me at 803-831-2827 if I can be of service.

Sincerely, Lusin Bromfeeld

Mr. Jay L. Pittman 382 Shakerag Road Aiken, SC 29803

IN RE: Docket No. 2011-47-WS - Application of Carolina Water Service, Incorporated for Approval of an Increase in Its Rates for Water and Sewer Services Provided to All of Its Service Areas in South Carolina

Dear Mr. Pittman:

Your written protest in the above-referenced proceeding has been received by this office. A Protestant is a party objecting on the ground of private or public interest to the approval of an Application, Petition, Motion or other matters which the Commission may have under consideration. A Protestant may offer sworn testimony but cannot cross-examine witnesses offered by other parties. A Protestant desiring to become an intervenor in a proceeding before the Commission may file a Petition for Intervention within the time prescribed by the Commission. Your Protest has been placed in the Protest File of this Docket.

According to the Commission's Rules of Practice and Procedure, a Protest does not make you a Party of Record.

If we may be of further assistance to you, please do not hesitate to contact us.

Sincerely,

Tricia O. DeSanty Administrator Coordinator I

CLERICS OFFICE

River Hills Community Association, Inc.

May 20, 2011

Regarding: Docket No. 2011-47-WS

Dear Sirs:

I am the President of the River Hills Community Association (RHCA). The RHCA counts as its members the permanent residents of over 1,000 residential properties within the community known as River Hills located in the Lake Wylie, SC area. To my knowledge, all of our members are customers for and users of the services of Carolina Water Services, Inc. (CWS)

CWS has recently filed a request for a rate increase for the water and sewer services they provide in Lake Wylie (known in the request as "River Hills").

On behalf of the RHCA membership and for myself as a resident of Lake Wylie and an individual customer of CWS, I request that the Public Service Commission (PSC) hold a public hearing in the Lake Wylie community on a week-day evening of the PSC's choosing. The PSC has been gracious to hold such hearings in Lake Wylie in the past in conjunction with similar CWS requests. As you can appreciate, it is difficult, inconvenient, and, in many cases, impossible for River Hills and other Lake Wylie residents and business owners to get to a hearing in Columbia.

We will be happy to assist in the arrangements for a location, seating preparation, public address system(s), etc.

Sincerely,

Jack Leff, President

I am a water and sewer customer of Carolina Water Service, Incorporated in the Maple Grove subdivision in Lexington, SC. I am considered part of the "I-20" water system, am a "Water Distribution Only" customer, and a standard sewer customer.

2. Please give a concise statement of your protest/ ? (This section must be completed. Attach additional information if necessary)

Tobject to the increases in the commodity and base facilities diarges. The "pass through" mechanism should be modified with the new rate structure so that customers are only billed for water that passes through their meter and at cost to ches. Additionally ches is in ansistent with their billing. Sometimes we're billed for two months at once and due dates fluctuate month to month. And we don't have fire hydrants!

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

Our water rates are already the highest in Aiken, We have had to stop using our lawn sprinkler service altogether because with even minimal usage, our rates will go to close to \$200 for a month in which we use it. Our rates are about double that of my friends with city water services and we have no other alternative but to use Carolina Water. We feel like an 80% rate increase on top of their already high rates, especially in an economy like we are suffering right now, is not only unfair but unconscionable. We respectfully request that you deny their request.

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if messessary.)

I'm a customer, Hunter's Glen Subdivision.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I'm writing in protest to the proposed 80% rate increase by "Carolina Water Service". I live in "Hunter's Glen" subdivision in Aiken County and CWS has, to my knowledge not performed any upgrades to our water system in years. Everybody is suffering in these tough economic times with high food and gas prices, yet the CWS application shows an 11.5% return on equity. That's not too shabby when interest on a CD in a local bank is paying less than a penny on the dollar. An 80% increase is outrageous for a company that provides such poor service to it's customers. I have included two articles that were written about their service last year.

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section <u>must</u> be completed. Attach additional information if necessary.)

We are customers of this company.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

The proposed rate change represents more than an 80% increase in the cost of our water. I don't believe that sufficient justification for that type of an expense on the customer base here in Aiken, SC can be found. According to the company's statement, the majority of their "investment costs" have been to Waster Water Treatment Plants and similar facilities. The company does not provide sewage service to us so how can they contend that the raise in our cost is to cover something that we do not utilize? If they need to increase the cost to their customers, why not pass the majority of those bills on to the folks that get the benefit from it? I know the cost of everything is on the rise and that they have not been granted a rate increase in a while. That's fine. I don't have a problem with an increase in my cost - AS LONG AS IT IS REASONABLEI I do NOT believe that an 80% Increase is reasonable or justified. If they came to me with a request for a 10% increase, I wouldn't have said a thing. But, this has caused me to take a position against them and this action. It isn't fair and it should not be allowed.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

If it was being held at a time and place that I could attend, yes. However, it is scheduled to be in Columbia, SC in the morning during the work week. That all but assures the working man will not be able to attend.

subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

SC

I am a customer of Carolina Water.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

There are only three people living at our house and our average monthly water / sewer bill over the past twelve months is over \$1 00.00. We have lived all over the southeast and the cost of water/sewer here is the highest we have encountered. I cannot understand how Carolina Water can ask for a large rate increase. We are paying extremely high water rates now and any increase would be unfair and not warranted. The company needs to look for ways to be more efficient, just like many other companies have done during this very difficult recession. I adamantly protest any increase in rates.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? * (This section should be completed.)

I would like to.

Rob & Wendy Gentry 146 Rolling Rock Rd. Aiken, SC 29803

IN RE: Docket No. 2011-47-WS - Application of Carolina Water Service, Incorporated for Approval of an Increase in Its Rates for Water and Sewer Services Provided to All of Its Service Areas in South Carolina

Dear Mr. & Mrs. Gently:

Your written protest in the above-referenced proceeding has been received by this office. A Protestant is a party objecting on the ground of private or public interest to the approval of an Application, Petition, Motion or other matters which the Commission may have under consideration. A Protestant may offer sworn testimony but can not cross-examine witnesses offered by other parties. A Protestant desiring to become an intervenor in a proceeding before the Commission may file a Petition for Intervention within the time prescribed by the Commission. Your Protest has been placed in the Protest File of this Docket.

According to the Commission's Rules of Practice and Procedure, a Protest does not make you a Party of Record.

If we may be of further assistance to you, please do not hesitate to contact us.

Sincerely,

Daphne B. Duke Information Resource Consultant

1.47. 4	connection or litterest i s pending proceeding? (, T

I am a residential customer receiving water from Carolina Water Services. This increase will affect my water bill.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I do not deny any business an increase in their charges based on Increasing costs to provide a service or product but I find it hard to justify an increase of 80% in my water bill. The informational letter sent out by Carolina Water Services cited that operation and maintenance expenses have increased from 2005 to 2011 an average of nearly 3% per year for a total of 14%. If the cost of providing and maintaining service has increased 14% then why is the rate increase 80%? The letter goes on to state the proposed increase represents a 43% increase for the average customer. My math inclicates that a proposed increase in the base unit price to \$19.87 per unit from the current rate of \$11.09 per unit is a 79% increase not 43%.

If not only am opposed to such an outrageous increase but I am opposed to the fact that the company misrepresented their justification for the increase by publishing a letter to their customers that is not written in layman terms or organized so the average citizen can unravel what it is saying.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

No.

I am a resident of Hunter's Glen and a customer of Carolina Water Service.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I think that the costs that are charged for water service are fair at the present time. Up to this point, I have not heard that equipment upgrades were needed. I understand that rising costs are an Issue. I am receptive, as a customer to a rate hike to off set upgrades, however, an 80% increase is unacceptable. If an increase is granted, it would be more attractive as small increases over a longer period of time, not 80% aimed at the consumer at one time.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

I will not be able to attend a hearing, however, I ask that the commission take a good look at the amount of the increase that is being requested and consider the consumer in the decision.

10 Whom It May Concern,

I am writing this to protest the 80% rate increase that has been proposed by Carolina Water Service.

Carolina Water Service has not given any justification for this significant rate hike. Can the Committee honestly add another unreasonable burden onto the backs of the American family? I am a single mother who is raising three children proudly without any government assistance. As most families do, we live from paycheck to paycheck. My family is on a strict monthly budget and cannot afford any additional increases, especially when I have not had a pay raise in three years.

I plead with the Committee to deny this unreasonable request.

Respectfully,

Viki Moak 120 Stonebridge Drive Gaston, SC 29053

I am a Customer of the company and a homeowner in Hunters Glenn subdivision.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I understand any and all businesses need a healthy profit for their bottom line in order to stay in business. However, no business especially a business like a public utility with a captive client base, should expect a rate increase as shocking as 80%. I understand these are tough times for businesses, but using a rate increase to cover mismanagement of a system is criminal. Any reputable business has a business plan that includes small incremental rate increases that cover anticipated expenses forecast over a long period of time. This rate increase would no dOUbt put a hardship on customers with fixed incomes and shock and awe in the rest of us. I formally protest such an increase IIIII

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

CUSTOMER OF THE COMPANY

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if macessary.)

THE INCREASE IS REDICULIOUS. THEY ALREADY CHARGE MORE THAN ANY OTHER COMPANY FOR WATER AND SEWER AND WHAT JUSTIFICATION ARE THEY PRODUCING TO WARRANT THE INCREASE. IT HAS BEEN KNOWN FOR YEARS THAT CAROLINA WATER HAS CHARGED THE HIGHEST RATES IN THE AREA AND NOW THAT UTILITES, INC HAS TAKEN OVER THEY SEEM TO BE CARRYING ON THE TRADITION OF GOUGING THE PUBLIC. CAROLINA WATERS EXCUSE WAS IT IS A SMALL COMPANY SO THEY HAD TO PAY HIGHER RATES WELL MY UNDERSTANDING UTILITIES, INC IS NOT A SMALL COMPANY SO WHAT IS THE EXCUSE NOW?

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

Public Service Commission P.O. Drawer 11649 Columbia, S.C. 29211 Ref: Docket No. 2011-47-WS

Dear Sir:

I am writing to this commission because of the high cost of water in Lexington County. I am paying twice the amount per unit as my other family members in Columbia. I have questioned this and complained to Carolina Water Co. several times to no avail.

We are now being told that Carolina Water Co. is raising the cost more. Please note this objection and please consider stopping this action. The Docket No. 2011-47-WS.

Your consideration in this matter is appreciated!

I am writing in regard to docket # 2011-47- WS...

I am tetaly against any nates or Charges for modification, 12
Certain terms and Conditions for the Procusion of water, and sewer

service...

then any water live I've ever had in my life: when I bushased this house in this area. It was not dischared to me to any radiation in the water until after I had already Purchased this house. I do not think this was fair to me by not disclosing this information to me. I would not have Purchased this house in this location kad. I heen told Blent radiation in the water.

Water then I wrote to Library With Do that I could get my deposit back from Caroline water service. I was in good standing Withof the water to in Salerty. A never did get my deposit back.

I am a 67 yr. Old woman an social security has not gotte a cause in the last 2 to 3 yrs. New am I going to say in meds and other hills if you keep allowing the lights + we to continue increasing our hills. Another thing that I weading on this letter that careline water service so me states something about medical insurance preme increase. Let them say their durn medical insurance have to say mine. Even when I worked for a Company had to say my own medical insurance.

these People are talking Chout? I'm not too swift to understand such things: I thought you had Regle to invest in Companies such as water, lights In some states that I've lived in the County was in Charge of Water, Dewerage, Jackarge Pick up + maritio spray. The fee for all of there services were a lot less then the water to. Charges me each month I have to Pay my garbarge pick up etta here in this "I do not know what kind of maintance the water Co. is stalking about The water Co. is always sending me letters to buy maintance infu I'm teld that I am responsible for tusken lin est. I thought broken lines were the county responsibilities. ---- I've talket to my neighbor in this heig we are all Old & disabled people in this neighbor we most tolet we are on social security. We do have anothing extra for such high water lives do not water my grass nor do I wash my C I line alone. I donot ever flush the Comos when I weewee all day long. I do not wash (but once sometimes twice a month. My be ___ the same for when I worked out of the home was not here. I were called the Mitte Co, a: or two + told them I guess my little dog me been playing in the water while I was 1800; into um. Water live was so high

I am ails AHM "to. solve the water Co. Problem Maybe if the water to would gut genery their executives + share holders all is these lig raises. I vacations and no telling what all is being done with the money they already receive from us ... par people. If they would indest it wisely + manage it wisely I think they could ride it. thedt. Incuasing aux lile is not the answer. Go back to the drawing board + find another liky. If you have any knowledge on how I Case pay my meds & my other hells on 688 month please adure me. By the way I do not have any credit Cards, have never had any nor dos want any. If I can to Pay for something I do! with out. If you call till me kan I to they this additional Water will that you want to impose plea do not hesitate to let me know how to pay is a Concerned Citizen Glacia R. Jackson

2. Please give a concise statement of your protest. * (This section in the completed, Attach additional information if mecessary.)

We protest such an exorbitant rate increase. We understand that everything is going up, but 80% seems a bit steep. With the cost of gasoline and food on the constant rise our income is stretched pretty thin as it is without almost doubling our water bill.

3. Do you wish to make an appearance at a bearing in this proceeding, if scheduled, and offer sworn testimony? (This section should be completed,)

1. What is your connection or interest in this case? *For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed, Attach additional information if recessary,)

I am a customer of Utilities, Inc. My water and sewage bill Is much higher than the \$50,00 per month they claim is average, I am retired on a fixed income and there is no way to pay more. I am presently paying an average of \$75,00 per month for water and sewage, Utilities Inc, Is requesting a 79,17% increase in Basic Facilities Charge, If my calculations are correct the Distribution Usage Charge, they are requesting Is 82,7% increase, In my opinion the increase they are requesting most of us can not afford,

2. Please give a concise statement of your protest. * (This section <u>BillSt</u> be completed, Attach additional information if necessary,)

The rate increase requested by Utilities Inc is out of line, I have lived in other areas of SC and the water rates were lower than we are now paying, Most areas I lived in averaged sewage rate based on the winter months, The 75,00 per month does not include a second meter used for irrigation.

Transmittal Letter No. 11-02

Ms. Jocelyn Boyd, Chief Clerk and Administrator South Carolina Public Service Commission Synergy Business Park, Saluda Bldg. 101 Executive Center Drive, Suite 100 Columbia, SC 29210

RE: Verize

Verizon Long Distance LLC and Verizon Enterprise Solutions LLC Withdrawal of Tariffs

Dear Ms. Boyd:

MCImetro Access Transmission Services LLC d/b/a Verizon Access Transmission Services ("Verizon Access") filed its Notice of Election to Operate Pursuant to S.C. Ann. §58-9-576(C) on February 8, 2011 and that election became effective on March 10, 2011. Accordingly, Verizon Long Distance LLC ("VLD") and Verizon Enterprise Solutions ("VES"), affiliates of Werizon Access, are withdrawing VLD SC PSC Tariff No. 4 effective May 17, 2011. All rates, terms and conditions for services previously described in these tariffs will now be available on the company website at: www.verizonldregulatory.com.

Questions peltaining to this filing should be addressed to my attention at (407) 740-8575 or via email: cwightman@tminc.com.

Please acknowledge receipt of this filing by date stamping the extra copy of this cover letter and returning it to me in the self-addressed, stamped envelope provided for that purpose.

Ms, Jocelyn G. Boyd Public Service Commission of South Carolina P.O. Drawer 11649 Columbia, South Carolina 29211

Dear Ms. Boyd:

On behalf of the residents of Senate District 23 who are served by Carolina Water Service, Inc., I formally request that a Public Hearing be held on Wednesday, July 13, 2012 at 6:00 p.m. I understand that Carolina Water Service will be required to notify all of their customers of this Public Hearing at least thirty days prior to the hearing.

As you are aware, Carolina Water Service, Inc. has applied for an 80% increase in its water rates and a 14% increase in its sewer rates. Carolina Water Service currently has one of the highest water rates and to almost double their rates is unsettling at best.

Thank you for your assistance in scheduling this public hearing and please don't hesitate to contact me if you have any questions. I look forward to seeing you on July 13.

With kindest regards,

Jake Xmotts

Subject: protest CWS rate increase

To Whom It May Concern,

I am writing this letter to protest the 80% rate hike increase recently proposed by Carolina Water Service, Inc.

Unless Carolina Water Service can prove that its operating costs have increased by 80% AND that those operating cost increases were absolutely necessary, then there is no justification for such a drastic rate increase.

We already pay water rates that are 2x-3x higher than many other parts of the country.

Sincerely,

Allan Bulkley 3307 Kingshire Way Clover, SC

Subject: DOCKET NO. 2011-47-WS

Hello,

while it is reasonable for rates to increase since the last increase in what appears to be 2008; I certainly would like to request that an amendment be made to this docket so that the rate does not increase as much as it is in certain sections. I feel that the population will increase naturally in this state, especially in my area, and that will help offset the costs of the water service company's increases. The increase could make the state less appealing for new residents as well as businesses.

Thank you for your time, Christina Del Llano Dalidigger@gmail.com

MAY 1 2 2011

PSC SC MAIL / DIVIS May 12, 2011

Public Service Commission of South Carolina P.O. Drawer 11649 Columbia, S.C. 29211

Re: Carolina Water proposal of rate increase Docket # 2011-47-WS

This letter is to protest the request for a rate increase for Carolina Water Service, Inc. My husband, Mark & I live in Smallwood Estates in Chapin, S.C. we now pay approximately \$65.00 per month for their services. We are retired, do not have a sprinkler system for lawn watering, we do not run the dishwasher very often, it is just the two of us & people in other areas with different water companies are always surprised at how much we pay for water/sewer services. The price of everything: gas, water, food, etc. all of the necessities of life make it very difficult on retirees that do not get cost of living raises & have to absorb all the increases.

I believe Carolina Water is extremely high in cost and protest their request for a rate increase.

Thank you for the opportunity to protest.

Wicky J. Witneyer 331 Smallwood Drive

Subject: Protesting Proposed Increase under Docket 2011-47-WS

To whom it may concern,

I am a Chiffent resident living in York County-Lake Wylie, SC more specifically. I've lived here for 4 years. Prior to this I lived in cities like Chicago and Foht Lauderdale, to name a couple. Obviously these are much bigger cities than Lake Wylie. I was SHOCKED when I moved here and received our first water bill. I've nevel, ever seen such astronomical rates for a service that is a necessity. Carolina Water's service has been awful, the quality of water very questionable, and the rates outrageous. To heal the proposal of an 80% increase is absolutely mind boggling. I can certainly understand the need for an increase, but 80%?!? Have their expenses nearly doubled in a few years? Makes no sense. In our community, there are more and more homes on the market every day due to short sales and foreclosures. People are barely surviving and to hit customers with this kind of increase? Well, it's sickening quite frankly. This is absurd and I plead with the "powers that be" to deny this application. The good working people of these communities have no other options. We have to have water. Period. And there is no other company that provides to our area. How can they do this?? We are a I income household with a 14-month old. I can't express how much of an impact an increase of this magnitude would, have on our family.

Please deny this application.

Much thanks for your time and consideration, Elizabeth Needham 2111 Eskridge Terrace Lake Wylie, SC 29710 803-810-2966

Customer of Carolina Water Services Inc

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if mecessary.)

Water is certainly one of our most valuable resources, and clean water important to life and health.

However, though Carolina Water Service Inc (AKA Utilities Inc) is already charging prices that are higher than half of the cities listed in the circle of blue report - The price of Water: A Comparison of Water Rates, Usage in 30 US Cities (http://www.circleofiblue.org/watermaws/2011 O/worltd/tthe-price-off-water-a-comparison-of-water-rates-usage-in-30-u-s-cities/)

Normalizing my last water bill for 100 gallons a day I am paying \$59.75 under the current plan, more than Las Vegas, Denver, San Jose, Milwaukee. I am currently even paying more than twice as high as Fresno, and almost twice as high as Chicago. If I use the new proposed value (and keeping the Usage charge of the the waste water the same as there is no indication of what the higher level would be) my bill for the same water usage would be \$98.82. That would put me in the 4th highest water price in the study listed above. While I would like to be compared with cities like Seatle, Atlanta, and San Diego In many ways, the cost of water is not one.

Finally, I would agree with a commodity charge increase - after all that means that those that use more will pay more, but such a large increase in the base facilities charges I absolutely cannot support.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

Re: Docket number 2011-47-WS

KECHARAL THE

MAY (1 & 214)

CLERK'S OFFICE

Dear PSC:

I am writing this letter in protest to the proposed rate increase sought after by Carolina Water Service, Inc (hereafter referred as CWS).

I moved to Lexington eight years ago and must say that receiving my first water bill from CWS was a shock, I had previously lived in Columbia, SC (Richland County) and my water costs through the city of Columbia were only a fraction of the cost via CWS, averaging between \$20 and \$30 / month depending on usage. I find that their (CWS) current rates are absurd and the fact that they are seeking to increase rates by eighty percent (80%) is nothing short of gouging their customers,

Just in comparison for the past three months of water bills to really see the atrocity going on with this company, I compared my water bills to those of friends and relatives that live in Cayce and Columbia.

From January to March, my water bill averaged \$80/ month, while theirs averaged between \$22 / month in Columbia to \$43 / month in Cayce.

If there was a way to get my water from another source other than CWS, I, along with numerous others, would certainly make that change. But it appears that the options we have are to either live with this company or move.

It should also be noted that in the past there was an issue with customer service, in particular with their billing practices. For a period of time, bills would skip months and then customers would receive massive bills for two or three months worth of charges. Fortunately, I am blessed to not have been financially strained by such instances, but others were extremely affected by this poor business practice.

It is my sincere hope, that you will not allow this rate increase to occur as I believe it would be detrimental to all of the CWS customers in our area.

Sincerely,

Campture Cooper 302 Mansfield Cir. Lexington, SC 29073

Customer and concerned user

We already pay way more for water than should be charged. To ask for a rate immease of 80% is unfair and damages the company's reputation which is already tarnished.

Why do you think the rate immease is deserved???

1. What is your	connection or interest	in this case? *	For example,	are you a custo	mer of the Company t	hat is the	

I AM A VERY DISSATISFIED CUSTOMER

2. Please give a concise statement of your protest. * (This section!!!!!\St be completed. Attach additional information if necessary.)

To start with, I find this request to be insulting. Two people live in my home. My bill averages ~~ \$67-\$70 a month. I reviewed my 4/5/2011 bill of \$67.32. The increase appears to me would amount to -\$28.10 or a total of \$95.32. As I believe you are aware, their past billing issues, turning off water to customers, attempting to bill every three weeks to make up for being behind, the lip service one gets on the phone all adds up to extremely poor service and tactics. I have had (3) three water main breaks in my yard alone in the past 6 or 7 years(?). Shoddy response and shoddy ground repair. After numerous calls someone shows up to rake the dirt around, throw some sod on top of the rocks (some baseball size) and dirt. The cement corner of my driveway is now tilted, I have a depression in one area of my lawn and a hump in another. The recession has hit everyone. They need to tighten their beits like the rest of us. Gas prices have been going up. They need to suck it up like the rest of us. My boss is not giving me a "gas" increase. I strongly urge you to side on the side of the consumer. This Increase request is WAY overthe top. People on a fixed income are already suffering, the rest of us I guess would just suffer. I would also request to see an accounting of neighborhood water usage (their meter) vs the sum of each individual user per month (all the customer meter readings added together). The difference is due to water leaks and service needs. How bad are the pipes leaking

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? * (This section should be completed.)

Yes I would!!

Subject: Protest against 2011-47-WS

PSCSC ELERK'S OFFICE

My name is Jeff Kerbow and I am currently a customer of Carolina Water Service.

I work for a regulated company that also has to file with the commission for rate increases.

Considering how much outcry we receive over a 3%-5% rate increase filing, I was especially shocked to learn about the requested 80% rate increase CWS has filed. While I fully appreciate the demands of maintaining a safe and reliable water system, I cannot understand the justification for such a dramatic increase in ratess- especially in light of how the rates were already higher than those found in sum to make a considering the poor customer service track record CWS has had, I would strongly argue against any increase at all.

As the sole resident at my house, 90% of my current bill are base charges. Should this rate increase be approved, my total bill would increase by well over 75%. Even in this age of across the board inflation, that is more than unreasonable.

I am contemplating putting my current residence on the market at the end of the year. While I'd love to live in an area outside of Carolina Water Service's territory, it seems to me that this rate increase is so extraordinarily large and unreasonable that it might negatively impact my ability to sell the house.

If the cost of maintaining reliable service is too high for Carolina Water Service, I suggest they sell their service tertilitory and customers to another entity and get out of the business,

I appreciate your attention.

April 20, 2011

Public Service Commission 101 Executive Center Drive, Suite 100 Columbia, SC 29210

RE: Docket 2011-47-WS
LETTER OF PROTEST

I, Rebecca Mack, residing at 517 Harbour Place Court, Lexington, SC 29072, submit this letter of protest to the Public Service Commission regarding the request by Carolina Water Service to increase their water and sewer rates by 80%.

I am a state employee who has had no pay increase in 3 years. The rates currently charged by Carolina Water exceed those of other suppliers and vary from month to month. The explanation I have been given by Carolina Water for this monthly variance is because the rate varies that is charged to them.

I ask this letter of protest be accepted by the Public Service Commission; and that the Commission will perform its duty for the public it represents and deny this exorbitant rate increase to Carolina Water Service. I gladly accept my opportunity to appear before the Commission if deemed necessary.

Sincerely,

Rebecca Mack

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a customer of Carolina Water.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

There are only two people living at our house and our average monthly water / sewer bill is \$70.00 in the winter months, When we water our yard, even though not using the sewer our bills can run as high as \$130 per month! This is an extremely high rate for water and sewer.

We are not using Carolina Water's actual water - we are only using their pipes which were installed years ago. I am sure they have seen a tremendous profit and return by now.

I cannot understand how Carolina Water can ask for a large rate increase, We are paying extremely high water rates now and any increase would be unifair and not warranted. The company needs to look for ways to be-more efficient, just like many public companies have done during this very difficult recession. We adaimently protest any increase in rates whatever companies have done during this very difficult recession.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

Subject: Docket Number 2011-47-WS Complaint

Public Service Commission of South Carolina 101 Executive Center Dr., Suite 100 Columbia, SC 29210

I am writing in regards to the proposed rate increase by Carolina Water Service under Docket Number 2011 1-47-WS, which I oppose. Carolina Water Service has considerably higher rates for sewer and water than other companies in South Carolina. The requested 80% increase is absolutely ridiculous. They should be lowering their rates. If it were possible to get water and sewer from another company such as the City of Lexington, then I would switch immediately.

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section if it is to completed. Attach additional information if necessary.)

I have water and sewer service with CWS in River Hills Plantation.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if mecessary.)

NO INCREASEI We already pay quite a premium for our water and sewer here in River Hills, I think CWS has a hefty profit margin already. They buy our water from Rock Hill and then sell to us at a huge profit 200%+....this is so wrong. My average water and sewer bill for 2 conservative people averages \$100 per month already and I think it's a shame for them to ask for more money from us, Please don't approve this increase request. Thank you.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

2. Please give a concise statement of your protest. * (This section mulst be completed, Attach additional information if necessary,)

The water rates are already too high, They are the highest I have paid after living in Canton, OH, Atlanta, GA and Binmingham AL.

I have liwed at the above address since 1993 when the water rate averaged \$54/month increasing to the mid \$60/month in 1998-2002 and then in the mid \$10/month up to now. This is for two people and we are gone 50% of the time, I really don't know why the rates are so high and can not believe someone is considering raising them even higher. I think it is unconscionable to consider raising the rates 80%,

i am a customer of carolina water company (utilities inc.)

2. Please give a concise statement of your protest.

i am protesting an 80% Increase in our water rates. our rates are already too high. there are 2 people living in our house and we pay on average \$70 to \$80 per month for water. the increase is unfounded, rediculous, not fair, and just not right in these uncertain financial environments. the company must find ways to run more efficiently and cost effectively. an 80% increase is a joke.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

i will make an appearance if called upon to voice my objection to this red/culous rate increase proposal.

What is your connection or interest lift this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am currently a customer of CWS.

2. Please give a concise statement Of your protest. * (This section must be completed. Attach additional information if macessary.)

When we heard of the upcoming increase to CWS, I was in shock. We already pay \$140-150.00 a month for water. Who in there right minds pay for water that is that high already. I absolutely oppose to the increase, would actually like for our neighborhood to allow wells or switch companies.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? * (This section should be completed.)

No do not wish to attend, but will if needed. This is ridiculous

1. What is your connection or interest in this case? *For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

We are a customer of this company.

2. Please give a concise statement of your protest. *(This section must be completed. Attach additional information if mecessary.)

In Jamuary we received a bill for \$300 vs. our normal bill of about \$60 to 70. We were even away for 10 days of that month. The company tested the meter and for leaks -- nothing. If wrote to their customer service saying I would pay a normal amount and wrote them a check for \$75. They never answered my customer service message through their website. Each time I called, I was promised a phone call back from a supervisor -- never happened. I was negotiating in good faith. Without any communication, they just showed up to turn off the water which forced me to pay the whole bill to get it turned back on. The local person who came kept saying -- you have to deal with Florida on this subject. The only problem is that Florida doesn't respond. Any company this bad at customer service does not deserve any rate increase no less a substantial one.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

.			<u>. i </u>	· · ·		·····

I am a water and sewer customer of this company,

2. Please give a concise statement of your photest. * (This section must be completed, Attach additional information if necessary,)

As far as I can tell, at least in my area, this company has a monopoly. There is no competition, thus they can ask for an 80% increase in very tough financial times with no moral conscience. Some increase may be warranted, but 80% is criminal. Like all residents, I know they don't expect to get 80% approved, however asking for this absurd amount makes the amount actually granted seem like a bargain and more palatable to everyone involved, including the utilities commission. Most american's, like myself and the ones this proposal affects, are getting fed up with the utility companies raping and pillaging our hard earned wages. At this rate, it want be long before our monthly utilities will cost more than we pay monthly for our dwellings. Looks like it's time for everyone to go back to drilling wells and putting in septic systems, but like many communities that this company services, that probably against the HOA rules. When deliberating, please consider the elderly, poor and unemployed, is this really the time to kick them while they're down?

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

No, however, based on my comments above, it really shouldn't be necessary. If the hard working people serviced by this company got an 80% increase in income rather then cuts, unemployment, and inflation sure you probably wouldn't here much push back,

Subject: Regarding Docket # 2011-47-WS

. homever,

Forgive me, but have you lost your freakin' MINDS?!?

I was alerted to a proposed increase by way of a flier left curbside, at my mailbox. Had I not seen that, I wonder how I would have been alerted to this nonsense? I'm not even certain where it originated, but nonetheless...

At first blush I'm thinking, "Wait...this has to be a typo?" I mean EIGHTY percentl? That rather suggests that these folks feel they've been receiving far less in compensation for the rendered services, and they're trying to play catch up in short order. Are they experiencing some financial issues, and hope the homeowners will help bail them out?!! A "rate increase" by a service provider company would come perhaps in increments of possibly 5-10% over an extended period, wouldn't they? I don't past history in front of me on other companies and their increases through the years (electric, waste, phone, etc), but if I were a bettin' man, I'm bettin' that NONE of them has ever sought such a marked difference.

Secondly, even if the service was stellar, I can't imagine a company proposing such an increase. Keep in mind though, this company has been in the business of frustrating its customers as long as they've had the contract in this area, FACT! If you frequent a local restaurant and even though the food is of good quality, don't you expect the service to match? Good food and poor service makes for a bad dining experience, and while great service doesn't replace good food, a person can kind of "put up" with food that is not up to snuff, Well in the case of this water on the brain water company, we've neither experienced good service, OR good water!

I've attended just one of several meetings of local homeowners over issues of rates that are already out of line, along with poorly kept records Within the company that flowed right over to the homeowners, Issues of both inaccurate bills having been received, confusing and inaccurate billing cycles, & late billing just to name a few.

^{&#}x27;.et me go back to my initial statement and give you the benefit of the doubt..., did someone go dyslectic, and perhaps it as meant to read an .08% increase?

My home owners insurance, property tax, and every financial obligation attached to living at my current address have NEVER...and I repeat NEVER had an increase to the tune of 80%!?!?!?! In fact, I'd wager to say that multiple increases effer extended periods with service related companies related to our home don't even add up to 80%!!

On and on I could go, but suffice it to say, that this homeowner is fed up with this type of irresponsible management of a company, and everything that is associated with them. My solution?...take their own water, and water board 'em!

Regards,

Kevin Keene

	connection or interest in this case? *For example, are you a customer of the Company that is the pending proceeding? (This section must be completed. Attach additional information if macessally.)
I am a customer	of Carolina Water Service and have put up with their outrageous water rates for about 14 years,
- ,	
2. Please give a c	concise statement of your protest. * (This section must be completed, Attach additional information if necessary,)
with other commu	racts, Carolina Water Service has a strangle hold on the Lake Wylie, SC area. Their rates are not in line unities in the surrounding areas that are not subject to their piratical tactics, I strongly oppose another rate structure and, in fact, feel that their current rates are entirely too high,

Νo

(This section should be completed.)

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

Ibject: Docket Number 2011-47-WS Complaint

Public Service Commission of South Carolina 101 Executive Center Dr., Suite 100 Columbia, SC 29210

I am writing in regards to the proposed rate increase by Carolina Water Service under Docket Number 2011-47-WS which I oppose. Carolina Water Service has considerably higher rates for sewer and water than other companies in South Carolina. The requested 80% increase is ludicrous as they should be lowering their rates. I wish it was possible to get water and sewer service from another company such as the City of Lexington as I would switch immediately.

Regards, Rocky

.,ve at 8 Indian Creek Trail, Lexington, SC at Lands End (Watergate) Condos. I'm absolutely against CWS getting a rate increase. We have problems with the water and the odors coming from their plant. At times, it is unbearable to be outside and also in your home.

This has been an ongoing problem with our community for years. I personally feel it has been an unhealthy situation. I also know it has hurt the value of our real estate. Would you put thousands of dollars into a home under these conditions?

I hope you will take these issues under strict consideration. Thank you for your time and efforts!

Sincerely, Gail Smith

APR 2 8 2011

2011-47.65

April 25, 2011

Public Service Commission 101 Executive Center Drive Suite 100 Columbia, SC 29210

Public Service Commission:

This is a letter of **PROTEST** for the Carolina Water's most recent request for a rate increase.

The poor residents who are unfollunate enough to be "served" by Carolina Water already pay <u>THE</u> highest rates for water and sewer in Richland and Lexington Counties. We are being charged a very high rate for Town of Lexington water to be delivered through Carolina Water's pipes. Our monthly bill now is over \$70.00 and when we must water our yard (even though we are not using the sewer) our bill easily is \$130.00\ddots.

In order to support our extreme protest of an 80% rate increase, we would like to explain just a *few* of the issues we have experienced with Carolina Water Service.

Firstly, for the last year, Carolina Water has had a huge billing problem. We were for a period of at least six months, 3 months behind in receiving our water bills. To this day, we are still one month behind in billing. It is a hardship on residents to budget for the bill when you have to recall what was happening two months ago!

Secondly, we have noticed that Carolina Water has been repairing quite a few pipes in our neighborhood for the last year due to breakage. We had such an occurrence in our yard, as well as three other immediate neighbors. They have never performed any type of maintenance on their system. If the request for an increase is in order to perform maintenance on their pipes, our opinion is they should have been done all these years while they have been making a large profit and have been charging us these high water and sewer rates.

Thirdly, we have low water pressure since we moved into our house in 1995. Our house is at one of the high points in the neighborhood. We have called numerous times, only to be told they used too small of pipes when they put the system in and there is nothing they can do about the low water pressure which we pay dearly for.

Public Service Commission April 26, 2011 <u>Page Two</u>

Fourthly, Carolina Water also has closed their local office. So customers are forced to mail in their bills. I feel relatively sure they closed their local office so they would not have to hear the complaints and rage of their local customers. We now must call an 800 number and speak to someone out of state when we have a problem or a concern.

We will be glad to appear before the Commission to strongly protest giving Carolina Water Service ANY rate increase. A company should not be rewarded for taking a large profit at the expense of their customers who are held captive and have no other service choice. We would be so glad to be served by the Town of Lexington Water, especially since we are using their water and only the pipes of Carolina Water service with which to receive the Town of Lexingtom's water!!

Sincerely,

Leland and Laura Sullivan

I have lived in River Hills since 1991 when the price of water was about \$34-\$40 a month. Then we lost a battle with the Water Company. I thought viruses were bad until I see what the Water Service Commission of South Carolina had done to the coat of water. How many companies in the USA have Hillsed their rates 80%?

I consider this request totally our of line. The Community Association should hire the beat lawyers and might even atk for an 80% decrease in the cost of our water. Many cities have no cost for water or very little cost. New Rochelle, New York charge their customers fifty dollars a month. Our state has the highest rate for water and now they want to go even higher?

I am a customer of this company and hope we can locate water from a more reputable company:

We are a customer of Utilities, Inc (Carolina Water Service)

2. Please give a concise statement of your protest. * (This section | Hallet be completed. Attach additional information if necessary.)

We have issues With a two person household, taking one shower each daily, washing laundry once a week, and running the dishwasher at night about every day and washing the dog every two weeks and our water bill averages \$90 plus a month.

That is just plain crazy and Carolina Water wants an imcrease of 80%? What is wrong with this picture? Everythingi

When I lived in Charlotte (last year) we had the same water usage habits and our water bill averaged \$40.

In this economy to raise water costs 80% or even 10% when the cost of water now is just unrealistic does not make good sense.

Please feel our pain. If anything the water cost need to be lower not higher

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? * (This section should be completed.)

Yes, if it does not matter that we are renters and not the homeowner.

IN RE: Docket No. 2011-47-WS - Application of Carolina Water Service, Incorporated for Approval of an Increase in Its Rates for Water and Sewer Services Provided to All of Its Service Areas in South Carolina

Dear Ms. Pinnell:

Your written protest in the above-referenced proceeding has been received by this office. A Protestant is a party objecting on the ground of private or public interest to the approval of an Application, Petition, Motion or other matters which the Commission may have under consideration. A Protestant may offer sworn testimony but can not cross-examine witnesses offered by other parties. A Protestant desiring to become an intervenor in a proceeding before the Commission may file a Petition for Intervention within the time prescribed by the Commission. Your Protest has been placed in the Protest File of this Docket.

According to the Commission's Rules of Practice and Procedure, a Protest does not make you a Party of Record.

If we may be of further assistance to you, please do not hesitate to contact us.

Sincerely,

Daphne B. Duke Information Resource Consultant

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed, Attach additional information if necessary.)

I am a customer of Carolina Water.

2. Please give a concise statement of your protest. * (This sectionmist be completed. Attach additional information if necessary.)

I am protesting the 80% rate imcrease, They are the highest rate water company in the area, We have never paid this much for water and sewer and we have lived in other states, Now they want to raise it even more. Are you Joking??? After we moved to our current residence, we were told about Carolina Water. If we would have know then what we know now, we would not have moved to a area that has Carolina Water. When we move again, we will make sure that Carolina Water is not the carrier.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

If my calendar allows me to, I will be there!

Subject: Spam: General Statement

Dear PSC.

I have written before about utilities asking for rate increases but I wanted to tell you what I know here in our neighborhood is happening. I know, because I have owned a small business before(Bums Factory Outlet on Broad River Rd.) that you need to keep up with the rising cost of services and goods in order to make a living. That being said, we are in a depressed state of funds here in SC and Lexington County. We have people every day losing their jobs and having their position downsized. In our small neighborhood alone, we have several seniors on soc. sec which hasn't gone up but their medicine, most food and doctor bills have, we have one couple who just walked on their home, allowing it to go into foreclosure and losing everything they had in it, a family of 5 whose main breadwinner took a serious cut in pay to keep a job. Another who lost his job after being with the company for 20 years and our homes are over 20 years old, needing major repairs. I live alone, a senior, who had to put a roof and a heat and air con. system on charge cards, not getting any ralse in soc sec and having to do pet and baby sitting to put gas in the car. SCEG asked for rate increases, the water system asking for a huge rate increase and we are just trying to keep our homes. Property taxes and insurance went up because of the reassessment (hugely unfair on these older homes) and that ...all that ...adds to your mortgage payment. Seriously, we are trying to keep our homes, not declare bankruptcy, not walk away, pay our bills and feed our familles.

There Just isn't any more money coming in, but everyone wants more out. The family of 5 whose meter the water company took out, she was trying to catch up on her mortgage payment because they were threatening foreclosure. These utilities need a spokesperson to talk, just talk, to people to assess the situation or they need to do "means testing" to see if people can really stand that increase all right now or if they can phase it in , over a period of time, as the economy gets better, (if it does) if am 71, I could get a few hours of work somewhere like Wal Mart..maybe...but the cost of gas and Clothing to wear to work would just eliminate whatever I could make.

Work with us, that particular water company has a bad reputation and we Wish we could be taken over by another one. We already pay some of, or the highest rates around. Thank you for listening to me and thank you from all my neighbors for your consideration.

To: Easterling, Deborah Subject: Water Rate Imcrease

Im deeply upset that Carolina Water Services would even consider asking for this huge raise in our water rates. We as the little people have been hit by the bad economy as well as the big companies and it is not fair that they should catch us at our lowest and make it even worse because they know we have no other option but to pay.

I am a 57 year old widowed Grandmother who has went from a two income family to a one income family because of circumstamces beyond anyone's control and it is hard to make ends meet without having extreme price increases in my monthly bills.

Thank you.

April 25, 2010

Public Service Commission Executive Center Drive, Suite 100 Columbia, SC 29210 Docket 2011-47-WS

RE: LETTER OF PROTEST - Carolina Water request for 80% rate hike Docket 2011-47-W5

To whom it may concern:

As a homeowner in the Carolina Water / Utilities, Inc. service area, I would like to request that the Public Service Commission turn down Carolina Water's request for a price increase to its customers.

In 2009, I had filed a complaint against Utilities, Inc. with the Office of Regulatory Staff. At that time, I also testified during the hearing.

At the time of the complaint, not only was this company not billing the customer's in a timely manner, but they were also over charging us at times. When I called the company to get resolution, they would not provide you with contact information for their headquarters. Since the hearing, they did get the billing back onto a monthly cycle, but we still continue to have issues with this company. Just recently we had trouble over water pressure.

I have a family of four. Here are the lastifew month of our water bills: March 2011 - \$113.59
February 2011 - 1336.18
January 2011 - \$110.47
December 2010 - \$184.97
November 2010 - \$248.18
October 2010 - \$233.55
September - \$246.22

I cannot afford to remain on their service if you approve their rate increase, yet I will not have an alternative source to get my water service elsewhere. Thank you for taking my complaint into consideration.

2. Please give a concise statement of your protest. * (This sextion till to be completed. Attach additional information if necessary.)

As a homeowner, you can't select your utility provider, you are stuck with who services your area. As a result you have to put up with whatever they provide, with little or no say about what you have to pay for the service they provide. We have been provided adequate service but not great. Several times over the years there have been sewer overflows, and when they installed a backup generator to help solve the issue, they didn't even bother to hook it up, it was just for show! In short, the water and sewer service provided is over priced, especially when compared to similar providers in the area. Also, I believe the water we are now being provided comes from the City of Lexington, which makes Carolina Water a middleman. Why should that warrant such an extreme rate increase?

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? * (This section should be completed.)

No.

2. Please give a concise statement of your protest. * (This section! this be completed. Attach additional information if mecessary.)

I am currently collecting background information from past rate increase requests by CWS and comparing their current charges to other local providers. Thus far, CWS is by far the highest provider in our area, prior to the proposed audacious 80% rate imcnease request.

I plan on providing additional information soon.

I notice that I am the third protester from the same neighborhood (River Hills) in just a few days. I expect there will be more, given the ludicrous nature of the highest cost provider in the area asking for an 80% increase.

3. Do you wish to make an appearance at a bearing in this proceeding, if scheduled, and offer sworn testimony? * (This section should be completed.)

Yes.

I am a customer of Carolina Water

2. Please give a concise statement of your protest. * (This section Huist be completed. Attach additional information if incressably.)

We are paying much higher rates than our neighbors who are on Lexington water service, It seems unreasonable to request any type of increase in the state of the current economy and would place additional strains on our current situation. The company needs to research other alternatives or find other means of being more efficient just like other public companies and we have had to make, I protest any increase in rates,

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

I prefer not to make an appearance but will do so if it will help prevent any increase in rates,

NO

(Markey)
Letter of Protest
In Docket 2011-47-WS

#02

I have always known that the water and sewer rates charged by Carolina Water were extremely high to start with. Unfortunately, our subdivision has no choice and therefore has to pay these fees. This is truly a monopoly!!! I think that if the Public Service Commission would look into the rates of surrounding communities and towns, you will see that the rates are extremely lower. I certainly realize that there is a cost involved in supplying these services, however in the 22 years that I have resided at this location I have seen no improvements other than a sewer lift station emergency pump, which should have been installed when the system was installed. Carolina Water Does not even have to install the water and sewer lines in subdivisions. This is installed by the developer. The homeowner has to pay a tap fee to tie into the system, and of course a monthly fee.

Therefore based on the high price presently being charged by Carolina Water and the low water and sewer prices charged by surrounding communities and towns, I strongly object to this amount of increase. Maybe I would suggest that Carolina Water sell their interest to a company or municipality with lower rates, who can properly administer the system.

Carolina Water needs to look around at the economic situation in our country and its financial disparity and withdrawn their ridiculous request.

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section HUA) be completed. Attach additional information if necessary.)

I am a long-time customer of Carolina Water.

2. Please give a concise statement of your protest. * (This section things be completed. Attach additional information if necessary.)

Since moving to my home in Lexington in 1992 I have seen water and sewer rates soar; much more than other utilities. While we all agree that clean water is essential to our quality of life we cannot continue to sustain the constant increase in rates. It is especially frustrating that there is no competition to Carolina Water, we have no alternatives. Even If half of their outrageous request is approved, it still means everyone's bill will see a sharp increase.

I adamantly oppose ANY rate Increase for Carolina Water and would request the board seek ways to open the water service to competition that would encourage utilities to work more efficiently to earn their customers' business by providing a quality product at reasonable rates,

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

I would be glad to appear at a hearing if it will make a difference. My past experience is that most hearings are held to give the appearance of listening to the public but it has little effect on the outcome.

I am a customer of Carolina Water.

2. Please give a concise statement of your protest. * (This section ##ust be completed. Attach additional information if necessary.)

l already find it outrageous that I'm paying \$39 just for my sewer bill. That's If I don't use any water at all! I'm paying over \$80 per month for my water. This is ridicultous! Il moved from Greenwood three years ago, and paid the same amount for three months. Carolina Water has been dreadful in customer service as well. Many in our neighborhood, including myself, took the time to complain last year when they kept screwing up our bills. It is frustrating I don't have the ability to change companies. Their reasoning for increasing our bills 80% is they haven't gotten enough back from their investment they made a few years back? I own my own business, and if I tried to raise my customer's prices 80% because I didn't invest in my equipment properly, weill think you know the answer. This is the only company I have ever officially filed a complaint against in my 46 years. That's how disgusted I am at these people. We cannot afford to be stolen from, which is what Carolina Water is doing to us. This increase must be put to rest.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

I would certainly show up if asked to.

Customer

2. Please give a concise statement of your protest. * (This section of the completed. Attach additional information if necessary.)

Company claims rising costs of operation, complying with environmental standards and improving facilities are the bases for increased water and sewer service rates. I submit that inept company management is a significant contributor to their higher operating costs. I remind you that not too many months ago was unable or unwilling to provide timely monthly bills to customers. As a result many erroneous and exorbitant bills were eventually sent. A number of customers had their water service turned off allegedly for non-payment of bills When, in fact, no bills had been sent by Carolina Water, I am not aware of any action by Carolina Water to compensate these customers for the inconvenience this caused. With respect to improved facilities and increased cost of environmental compliance, what capital improvements are currently in process and what are their costs? From the customer's standpoint there is no evidence of improved service, improved water quality or more effective company management.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

Scheduled to be traveling out of country during this period.

subject of this pending proceeding? (This section iii) be completed. Attach additional information if necessary.)

I am a customer of Carolina Water.

2. Please give a concise statement of your protest. * (This section! be completed. Attach additional information if necessary.)

There are only two people living at our house and our average monthly water I sewer bill is \$67.00. We did not use the water for watering the yard. I find this bill to be extremely large and especially considering we have a house at the entrance to our neighborhood who is on Lexington water and their bill is about \$40 per month - with 3 people living at that residence. I cannot understand how Carolina Water can ask for a large rate imcrease. We are paying extremely high water rates now and any imcrease would be unfair and not warranted. The company needs to look for ways to be more efficient, just like many public companies have done during this very difficult recession. I adammently protest any imcrease in rates.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

1. What is your connection or interest in this ease? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am currently a customer of Carolina Water.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

There are only two people living at our house and our average monthly water / sewer bill is approximately \$68.00 versus \$122 on the new rate structure. We do not use the water for watering the yard, as we draw water from Lake Murray for this purpose. I find this bill to be extremely large and especially considering we have a house at the entrance to our neighborhood who is on Lexington water and their bill is about \$40 per month - with 3 people living at that residence. I cannot understand how Carolina Water can ask for a large rate increase during a time when so many people are struggling to make ends meet. We are paying extremely high water rates now and any increase would be unfair and not warranted.

My experience with Carolina Water Service is not limited to the water service, but also to the sewer service. I live adjacent to the sewer lift station on Greenetree Lane. We have struggled for year to find ways to keep this station from overflowing into Lake Murray causing what I would characterize as a serious level of pollution. This went totally unchecked until recently when a generator was installed. It was not until the past year or so that it was connected so that it would automatically begin to run when the power was lost during storms. That means we have almost 20 years of events such as this.

The company needs to look for ways to be more efficient, just like my company has done during this very difficult recession. I adamantly protest any increase in rates.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

(This section should be completed.)

Yes I would like to.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

We had recently relocated from New Jersey, where our monthly water bill was 1/3 the cost of our Carolina Water Co. water bill, with the same approximate usage. In addition, a couple of our neighbors have Lexington water Co. and their bill is approximately 1/2 ours, with the same numbers of residents. If Carolina Water is so poorly managed that they need to charge such unrealistic rates, then maybe it is time for them to be audited by your commission so that the residents of community can be treated equally and not taken advantage of in the manner that Carolina Water has so readily done. Their rates are exorbitant at this time, and rather than asking for an increase, I believe that a Public service Commission audit would disclose the necessity of a refund to Carolina Water Co. customers, or at very least a rate reduction.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? * (This section should be completed.)

Yes, I would.

I am a customer of Carolina Water service and have been for almost 8 years,

2. Please give a concise statement of your protest. * (This section minist/lbe completed, Attach additional information if necessary.)

We already pay an extremely high amount for our water and sewer service, Our average water bill for the past 12 months was \$136,74. This is for a family of 5 with relatively conservative watering in the summertime, I can not possibly see how they can justify charging such high rates to us already and then on top of it ask for an absurdly large increase, Any increase at all would be too much, In the information I have seen published they are asking for an 80% increase of what they say is an average customer bill of \$36, I would love to see the data that says their average customer pays \$36 a month, If that is the case, then the Lake Wylie area must be subsidizing the rest of the CWS users in the state,

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

I am not sure what type of information I would need to give at a hearing, but if necessary I would consider it

RE: Carolina Water Service 80% rate Increase. Docket No. 2011-47-WS

Dear Mr. Amick:

This is to acknowledge receipt of your email to our PSC Website Comments.

I am forwarding your email to our Clerk's Office for handling. Your email will become a part of Docket No. 2011-47-WS and will be posted on our website under this Docket.

When this matter is set for hearing, the Clerk's Office will provide you a copy of the Notice of Hearing. If a public hearing is scheduled in this docket, Carolina Water Service, Incorporated is required to publish the Notice of Public Hearing in newspapers of general circulation in the affected areas, and provide Notice of Hearing to each affected customer.

You may also follow this Docket on our webpage at this link.

Please let me know if you should require any additional information.

Sincerely,

Deborah Easterling

Subject: Carolina Water Service 80% rate increase. Docket No. 2011-47-WS

Dear PSC,

I am writing to protest Carolina Water Service (CWS) proposed 80% rate increase for water and sewer. I live in a 1300 square foot home and watch my water usage. I do not water my yard due to how high the current water/sewer rates are and have had my piping checked for leaks. My monthly water/sewer bill is \$90.00. (This is compared to friends with the City of Columbia who pay \$50/bi-monthly). If the 80% rate increase takes affect, my bill will become \$162/month. That works out to \$1944/year. That is an outrageous rate increase. From reading through the transcript of Docket No. 2010-146-WS, it seems quite obvious that CWS has not been providing adequate and proper service in the areas they service. How can they justify raising water

rates an average of 80% when they have not provided adequate and proper service? In light of the current economic climate, while things have slowly gotten better, this is not the right time for a rate increase, especially one of this magnitude. I know that my neighbors and myself will not be able to sustain an 80% rate increase. How will we get the necessary resource of clean water and sewer service? Does CWS propose that we revert to the 1800's and use hand pump wells and dump our raw sewage in the streets? An 80% rate increase is a despicable affront to the customers who have no other option for this service. I would like to know when there is a public hearing held for this case.

Sincerely,

Chad Amick 141 Mansfield Circle Lexington, SC 29073 (803)-808-4351 2011-476/15

SC Public Service Commission 101 Executive Center Drive Columbia, SC

Dear People:

RE: Carolina Water Service Hefty rate increases per The State newspaper 4 21 11 ...

I wish to strongly protest the <u>increases</u> requested by the <u>Carolina Water Service...</u> They have furnished water and sewer service now some 34 years in September to me and have been nothing but trouble since the beginning. At first you may remember they had these awful wells from which they delivered us watter, filled with everything in the book." Many watter samples were carried in glass botttles to meetings concerning increases for Camplina Watter and the rooms were packed with pedfile unhappy wiith Carolina Water.

Latter Cancollina began buying watter, after their wells went dry, from West Columbia, SC and the quality of watter has been much better. BUT CAROLINA IS SO EXTREMELY EXPENSIVE. We dare not water lawns orffowers H-S-bills aresee-astronomical; consider me, one person in my household; L pay 13991100. for sewer pluis Watter and manny charges for some \$55. to \$60. JUST ONE PERSON: I am an old lady with cancer and its hard to make ends meet sometimes::: with people like Canollina.

So thanks for hearing me; just want to profusely protest any increases Canollina Watter may ask for. Recently we had a pipe break on a neighborn's yard, pipes belong to Canollina, they came to fix the break and did; but what an awful mess they left roadside for us neighbors to clean up??? red mud and rocks everywhere ...

I wish we could have West Columbia watter service; I would tap po in a minute... Morma Calloway

Again thanks:

Dr. Thomas Toth 85 Heritage Drive Lake Wylie SC 29710

Re: Request by Carolina Water Service (CWS), 2011-47-WS

To Whom It May Concern:

I am resident at 85 Heritage Drive in River Hills, Lake Wylie. I noticed in an article of The Herald, April 21, 20 II that CWS submitted a rate increase amounting to 80% in a single step. I am considered about this enormous increase and submitting an objection. The article states that since 2007 (last rate increase in water service) by CWS the national average of operating and maintenance costs have rise by 6% yearly. Calculating the accumulative yearly increases for 2008, 2009 and 2010 would result in about 20% of the 2007 costs, NOT 80%.

The 80% increase in a single step seems totally unjustified and is certainly objectionable. The question comes up whether CWS only asks for a justified rate increase to cover increased costs or also asks for an about 60% increase in the rate of their return on equity?

I am asking the Public Service Commission to reject the submission by CWS and approve no more than what is justified: covering the increase in the operation and maintenance costs.

solloelol

Sincerely,

Thomas E. Toth, DVM, PhD

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

My bill for water and sewer is already about \$80 a month. I have a small house. An 80% Increase is absolutely ridiculous. I won't be able to pay that much of an Increase. Then what, my water will be cut off??

3. Do you wish to make an appearance at a hearing in this proceeding, it scheduled, and offer sworn testimony? *

(This section should be completed.)

No, but would if needed.

I am a customer of Carolina Water Service inc. of SC and have been for over 30 years.

2. Please give a concise statement of your protest. * (This section <u>must</u> be completed. Attach additional information if necessary.)

I am submitting this in protest and opposition to Carolina Water Service Inc. of SC ("CWS") request to raise their water and sewer rates 80%. CWS wants to raise the average full-service water customer's bill of \$36 to over \$65 per month and also increase the full-service sewer bill to \$44 per month. CWS' proposed increase means the monthly bill for water and sewer at a bare minimum will be \$109. I know inflation has gone up on everything but 80% for water and sewer is simply unreasonable and outrageous.

CWS could save money each month by not spending it on printing and mailing costs for their water line insurance which is mailed to me almost every month from CWS in a separate mailing from my water/sewer bill.

In addition, CWS continues to not send timely bills for water and service. For example, my April 2011 bill is for a meter reading done on February 24, 2011. This is a little improvement over last year when bills were for usage that was at least 60 days prior to the meter reading; however, CWS' billing is still not as timely as it should be in comparison to other utilities such as cable, internet, telephone, electric & gas.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? * (This section should be completed.)

I do not wish to make a personal appearance. However, as a Notary Public for the State of South Carolina (My Commission Expires 01/126/12019), I request that this letter of protest be admitted as my sworn testimony at the hearing.

PSC Website Comments:

I would like to urge the Commission to vote against the 80 percent increase for Carolina Water Service. Obviously, if they are asking for an 80 percent increase, they have not managed their funds properly. They should have a scaled increase over the next 20 years, however, jumping up 80 percent at once is not serving the customers well.

Thank you for your vote against this increase.

Sincerely,

Sara Rajca 3316 Prentice Avenue Columbia, SC 29205

PSC Website Comments: Increase ?????

Sure you can increase my bill 80% when you <u>start paying my mortgage</u>! Have you had a pay raise in the last 3 years? I haven't....but everything is being priced out of sight. What are you smoking? Get real...you can't even read a meter with your poor management of the City right now!

How about timing these downtown traffic lights so I don't have to spend gas idling while no traffic is moving?

How about <u>repairing Instead of patching</u> there streets? Yes, 5 years of complaining about Arborgate Circle and it's gone unheard. One BIG sinkhole!

How about following thru with what was promised as far as <u>new road, curbs and sidewalks</u> for Gills Creek Parkway that was supposed to have been done last year? The city buses are still driving all over the lawns here!!!

Sure go ahead and raise my rates but when you do - rememberto pay my mortgage FIRSTIIIIII

No wonder this town is 30 years behind the times.

Deborah Renner 102 Arborgate Cr Columbia, SC 29212 Oops Richland County I'm out of city with higher bills!!!!

Application of Carolina Water Service, Inc. for Rate Increase...

I am a resident of Lake Wylle, SC and a customer of Carolina Water Service, Inc. (CWS). I have just seen a brief article in the local press (Rock Hill, SC "Herald") that CWS has filed for a substantial rate increase.

Can you please provide any information you may have including Docket Number regarding this application? Our community needs to know ASAP what is being requested so that we can prepare an appropriate response.

Thanks you for your assistance.

PSC Website Comments: CAROLINA WATER

I certainly hope you do not allow any type of increase for Carolina Water. These people are the hardest to work with. I have been doubled billed several times because somehow they got behind in the billing even though I paid my bill each month. But there was nothing I could do about it. I live in the Land's End area on Lake Murray. The is some type of "treatment plant" on our property that has an odor that will take your breath away. But it is always covered up when some others get involved. We have several properties for sale that are not selling due to this odor. My water bill EACH month runs about 75.00 per month! I have no lawn to water, it is just 2 of us in the house so there is no excessive water use and it is \$75.00!

I ADAMANTLEY DISAGREE WITH ANY RATE INCREASE!

PSC Website Comments:

I am appalled at the rate Increase requested by Carolina Water Services, Inc. I understand and am Insulted by their strategy of requesting an astronomical amount to allow negotiating room. Our Nation, more specifically South Carolina is in severe economic distress. We have no alternative to our water supplier options! Hew dare this supplier try to capitalize on our lack of options. How dare they/III

I am a 62 year old hard-working, tax paying Grandmother and I have had enough.

Dukes Scott is to be commended for encouraging public response. I plan to write every elected official from President Obama to my Council. Grassroots America has had enough!
